Bombing Halt Strategy Indicated

Peace Drive Nears Climax

GOP PRESIDENTIAL NOMINEE Richard M. Nixon, left, and New York Gov. Nelson Rockefeller, right, clasp hands on the steps of the New York Capitol before an Albany rally for Nixon. Nixon, Humphrey Tell Policies On Peace Quest

By The Associated Press

Republican Richard M. Nixon says he would seek Soviet participation in negotiating a Vietnam war settlement as president and Democrat Hubert H. Humphrey says he would make peace his own way if President Johnson's efforts fail.

Third party candidate George C. Wallace's rally in Detroit, meanwhile Tuesday, turned into a chair-throwing melee and he said at one point: "If you want to stop all this nonsense, you vote for me Nov. 5 and I'll stop it."

Nixon's Vietnam negotiation comment came at a Syracuse, N.Y. rally at which he permitted student protesters to sing a song and then answered questions they had submitted.

To one question Nixon said he offers new leadership unfettered by past policies and said such leadership could achieve a negotiated peace. Then he added:

"The Soviet Union must be brought to that conference table. Other interested nations in Asia have to be brought there, because by broadening the number of nations and the issues, we will be able to have a negotiated settlement."

Hopes For End

A spokesman, Ron Ziegler, said later Nixon was discussing negotiations in a general sense and not specifically advocating Soviet participation in the Paris peace talks.

Humphrey suggested he also would be unfettered by past policies.

He said in Philadelphia he is hopeful the war will end soon and Paris peace talks will succeed. He said it would be imprudent to say more about the talks now and added:

"But I will say this: The man who is our President now is retiring. On Jan. 20, I will be my own president. I will make peace in Vietnam—and I will make it my own way."

Humphrey said earlier, however, "There's been a new level of diplomatic activity" and "the next move is up to Hanoi." He did not indicate whether he was speaking with knowledge of possible new developments.

In other political developments:

—Gov. Spiro T. Agnew, the GOP pice presidential candidate, said in St. Petersburg, Fla., the surest way to elect Humphrey president would be to vote for Wallace and throw the election into the House of Representatives.

Act Like Men

Agnew earlier urged New York Times editors to "act like men" and say their conflict of interest charges in editorials are wrong. But in a new editorial titled "Mr. Agnew's Unfitness," the Times said only an "obtuse government official" could not see the potential conflict of interest in some of the governor's business dealings.

—Sen. Edmund S. Muskie, the Democratic vice presidential candidate, said in Amarillo, Texas, that Nixon wasn't "good enough" for voters in 1960 and 1962 elections and added: "Well, why in 1968 should we regard him as good enough for the tough problems which face the country?

—Curtis E. LeMay, the American Independent vice presidential candidate, said Hanoi won't negotiate "until we twist their arms a little more." He said renewed bombing of North Vietnam and closing of the Port of Haiphong are two steps that could be taken.

—A Nixon spokesman said the television commercial showing Humphrey laughing amid scenes of rioting, war and poverty has been withdrawn, at least temporarily, and said the Democrats have used "distasteful" commercials.

But the Democratic National Committee complained Tuesday night the GOP commercial was shown in Kansas City after the announcement it had been withdrawn.

Light Leg Color

DETROIT (AP) — The Automobile Club of Michigan has a tip for your children's safety on Halloween night. Because auto headlights are directed downward, says the Auto Club, your child should wear a costume that either exposes lots of leg or should wear light colored stockings or tights. That way, he or she will be more visible to motorists.

US Commander In Vietnam Is Home Secretly

WASHINGTON (AP) — Gen. Creighton W. Abrams Jr., U.S. commander in Vietnam, has paid a supersecret call on the White House in the midst of stepped up efforts to de-escalate the war. But a White House spokesman says the visit does not mean there has been breakthrough toward peace.

News Secretary George Christian would not go beyond saying that Abrams's session with President Johnson, which wasn't announced until after the general had left to return to Vietnam Tuesday, was a "general military review."

However, sources in Saigon said Abrams had been ordered to Washington to give the President his views on what effect a bombing halt of North Vietnam would have on the war situation.

Abrams' visit, his first known return to the United States since just before he took command last March, sparked immediate speculation of some new development in Johnson's current peace drive.

Say Nothing

Christian could not comment further than the military review statement, and the word went out from the White House to the Pentagon to say nothing.

It was certain, however, that Johnson and Abrams talked about the lull in the Vietnam fighting and its possible significance.

U.S. military authorities have reported recent intelligence suggesting the enemy may be preparing for another winter offensive.

According to professional military judgment here, the North Vietnamese and Viet Cong attempted—and failed—to mount major offensives in May and again in August and September.

The U.S. military view is that the North Vietnamese and Viet Cong have lost the ability to sustain anything like last January's Tet offensive, which had a nearly disastrous impact on the allied war effort.

Like other senior U.S. military men, Abrams has been opposed to any bombing halt unless there are assurances the North Vietnamese would not use a halt to achieve a battlefield advantage over American and South Vietnamese forces.

Met With Pentagon

So tight was the secrecy that Pentagon authorities were barred from telling reporters when Abrams arrived, where he stayed and precisely when he left.

Christian's remarks indicated that Abrams may have reached Washington Monday.

Abrams met with Pentagon officials, then joined the White House Tuesday luncheon where high national policy is discussed weekly.

While here, Johnson pinned the Distinguished Service Medal on Abrams who became the top general in the war zone last June.

Whether there was any particular reason for decorating Abrams at this time was unclear.

Doggone It, Vote! Pups To Parade Friday

The Escanaba League of Women Voters will conduct a dog parade in downtown Escanaba Friday evening at 7 o'clock in an effort to remind people to vote Nov. 5.

Children and adults are asked to assemble with dogs on leashes at the Farmers' Market site on N. 9th St. at 6:45 p. m.

Plastic dog coats, which come in large and small sizes, will be distributed as long as they last. The dog coat carries the slogan: "Vote as you doggone please, but please vote November 5."

The parade will form and march on the sidewalk up and down Ludington St. League members will be available to answer non-partisan questions on ballot proposals which will appear on the ballot next Tuesday.

Space Trip Ends With No Records

MOSCOW (AP) — Cosmonaut Georgy Beregovoy and the Soviet space ship Soyuz 3 returned to earth today after nearly four days in orbit during which they set no records and apparently scored no breakthroughs for the Soviet space program.

Tass said the spaceship made a soft landing where it was supposed to in the Soviet Union but did not give the exact location.

Beregovoy "feels well," said the Soviet news agency, and was met by "friends and correspondents in the area where he landed."

"Cosmonaut Georgy Beregovoy successfully completed the program of scientific and technical research," Tass said.

The 47-year-old cosmonaut's flight was the first manned flight in 18 months for the Soviet Union, but it set no records and no technical breakthrough was announced.

Beregovoy was launched into space last Saturday morning and began a tandem flight around the earth in the wake of the unmanned spacecraft Soyuz 2, which had been launched the day before.

Before Soyuz 2 was brought down for a soft landing on Monday, Beregovoy made two approaches to the unmanned craft, but if he tried to link up, this was not announced.

A Soviet scientist writing in Pravda Monday said the purpose of Beregovoy's flight was to develop docking systems essential to the Soviet program of eventually constructing huge orbiting platforms from which rockets would be launched to the moon and planets.

Soviet space scientists have twice joined and separated unmanned spaceships in orbit but have never linked up a manned craft with another spaceship, manned or unmanned. There had been speculation that the Russians would send up another cosmonaut to link up with Beregovoy, but this did not material-

Americans Win Two More '68 Nobel Awards

STOCKHOLM (AP) — The 1968 Nobel prizes in chemistry and physics went to two Americans today, the chemistry prize to Lars Onsager of Yale University and the physics award to Luis W. Alvarez of the University of California at Berkeley.

It was a clean sweep of the Nobel scientific awards for the United States. Three American professors who deciphered the genetic code shared the prize for medicine and physiology announced earlier.

The 1968 peace prize has been awarded to Prof. Rene Cassin, an 81-year-old Frenchman, while a Japanese novelist, Yacunari Kawabata 69, was the winner of the prize for literature.

The awards are worth $70,000 each this year, a record.

Onsager, 64, won his prize for the discovery of the Onsager reciprocal relations, "which are fundamental for the thermodynamics of irreversible processes," the award committee said. A native of Norway, he came to the United States in 1928 and was naturalized in 1945.

Alvarez, 57, was honored for his "decisive contributions to elementary particle physics." The award committee cited in particular his discovery of "a large number of resonance states, made possible through his development of the technique of using hydrogen bubble chamber and data analysis."

36 Candidates Talk To 6 Voters

CHARLOTTE, N.C. (AP) — Parents of Eastway Junior High School pupils were invited to a candidates forum sponsored by the Parent - Teachers Association.

Thirty-six of the 42 Democrats and Republicans running for district judgeships, the state House, Senate and the Board of County Commissioners attended.

But only six voters showed up.

WILBUR M. BRUCKER, former secretary of the Army and governor of Michigan, died Monday after being stricken by a heart attack at a meeting of the Economic Club of Detroit. He was 74. Brucker served as secretary of the Army under President Dwight D. Eisenhower. He was governor in 1931 and 1932. Gov. Romney has proclaimed a 30-day period of mourning. (AP Wirephoto)

HHH Received Lots From 'Financial Angel'

BULLETIN

NEW YORK (AP)—Vice President Hubert H. Humphrey said today that a report that he had accepted six valuable lakeside lots in Minnesota from a wealthy patron of the Democratic party was "bunk."

"That's all taken care of," Humphrey said.

CHICAGO (AP) — Courthouse records reveal that Hubert H. Humphrey accepted from a wealthy patron of the Democratic party in Minneapolis six valuable lakeside lots on which he built his home in Minnesota, the Chicago Tribune said today.

The six lots along North Waverly Shore, some 35 miles west of Minneapolis, were acquired from Ray C. Ewald, managing director of Ewald Brothers Sanitary Dairy, when the vice president was a senator, the Tribune said in a copyright story by Walter Trohan of its Washington bureau.

The story described the company as a "financial angel of the Democratic party."

In Philadelphia, a Humphrey spokesman said he would have no comment on the story.

The Tribune story said that the transfer of the property in Wright County, Minn., was not recorded in the county courthouse there for almost two years. At the time the Ewald Dairy was involved in a civil antitrust action involving price fixing after having been fined in a criminal antitrust action.

The deed to the six lots was executed in Minneapolis on Sept. 27, 1956, by Ewald and his wife, Ethel, to Hunphrey and his wife, Muriel. The deed was not filed in the Wright County courthouse at Buffalo, Minn., until June 24, 1958, nearly two years after Humphrey acquired title.

Although the deed states the consideration was "one dollar and other good and valuable

McCarthy Backing Reform

WASHINGTON (AP) — Behind the "Vote Humphrey" sign he has hoisted belatedly, Sen. Eugene J. McCarthy still waves the banner of revolt against the Democratic party.

In announcing his preference for Democrat Hubert H. Humphrey over Republican Richard M. Nixon, McCarthy made it clear he expects the "children's crusade" of the spring primary campaign to continue beyond Tuesday's presidential election.

Many of those from colleges and high schools who did volunteer work for McCarthy in the primaries, still are too young to vote.

But the Minnesota senator obviously believes as time goes on they will continue to look at him as a leader who offers youth a voice in future national decisions.

With this in mind, McCarthy seems to have cleared the way for an effort at "reform of the political process within the Democratic party" by announcing that he will not be a candidate of that party for re-election to the Senate in 1970 or for its 1972 presidential nomination.

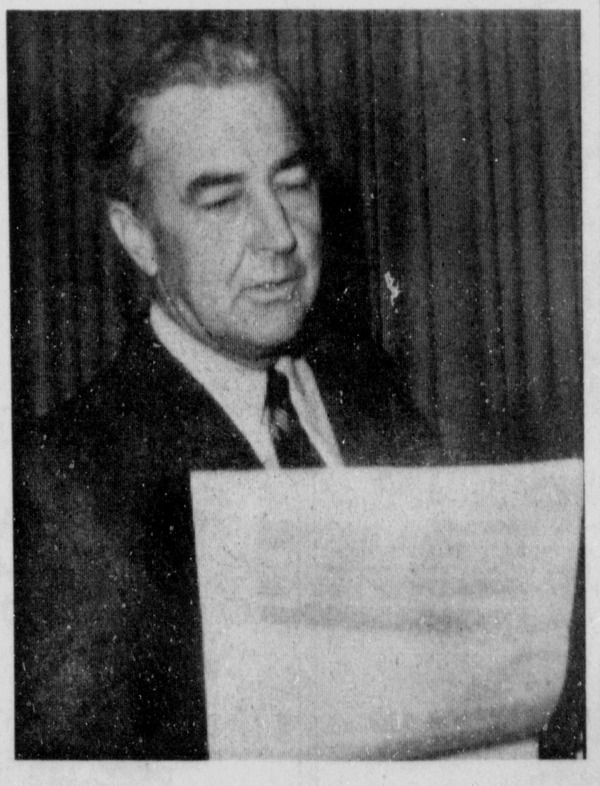

This has the double political benefit of presenting himself as something of a crusader to his followers and of muting criticism that he only wants to reform the nominating process in order to make it easier for him to grab off the prize four years from now.

He noted in the formal statement endorsing Humphrey that he had urged the young people and others who supported his unsuccessful bid for the presidential nomination this year "to test the established political processes of the Democratic party."

But he added that "I will not make that request of them again unless those processes have clearly been changed."

Was this a third party threat? McCarthy wouldn't say.

But his promise to work toward party reform and to "continue to discuss the substantive issues of American politics" seemed to imply that if he can't get satisfaction within the party he may apply elsewhere.

EUGENE McCARTHY holds his statement as he told reporters he is endorsing Hubert H. Humphrey for president. At a Washington news conference, McCarthy disclosed his endorsement but fired fresh criticism at Democratic party leaders and the Chicago convention where he lost the presidential nomination. (AP Wirephoto)

'Disruptive Incidents' May Mar Election: Hare

LANSING (AP) — Michigan Secretary of State James H. Hare said today he anticipates "disruptive incidents" that may include bombings and Molotov cocktails at some Michigan polling places on Election Day.

"Potentially explosive areas," Hare told a news conference, "include some voting places around our major colleges and universities which have chapters of Students for a Democratic Society."

The major trouble area will be Washtenaw County, site of the University of Michigan, Hare said. Other areas he named included: Ypsilanti, home of Eastern Michigan University; Ingham County, location of Michigan State University, and possibly Detroit.

"In 99 per cent of all our precincts, we expect peaceful, orderly smooth running elections as uusual ... without incident," Hare said. "I don't think we can anticipate anything less than a dozen incidents."

Hare said all police leaves in the potential trouble spots have been canceled for Election Day and that Michigan State Police will be "operative in a mobile manner" so they can move into trouble spots quickly.

Hare displayed SDS leaflets proclaiming "A Vote for President is a Vote for Death...Don't Vote...Don't Let Others Vote."

Police intelligence, he said, provides a "reason to believe demonstrators may spray paint on voting machines to disable them, that they may picket, bringing in demonstrators from other states, send people into voting booths for long periods of time in an effort to tie them up and attempt to incite racial incidents and bombing."

"We have reason to believe that there may be token bombings, perhaps the night before elections," Hare said. These would be publicized on late night or early morning telecasts or radio broadcasts and would frighten voters, he said.

"On Election Day," he added, "telephoned bombing threats to polling places might frighten people out."

Police, he added, will counsel people not to leave polling places in such a case. Law enforcement investigators will be called in to check for bombs, he said.

Hare repeated that he anticipated "as many as a dozen polling places" of the state's total of 5,383 would be affected. Successful disruption, he estimated, could affect as many as 100,000 voters.

Hare said voting machines would be delivered to polling places "as late as possible on Election Day," adding that if some 10 to 20 machines were disabled there would be enough paper ballots to handle voters.

Weather

ESCANABA AND VICINITY—Partly sunny and warmer, high 50. Tonight, fair and not quite so cold, low 32. High yesterday, 42 and low overnight, 32. Thursday mostly cloudy and warmer with chance of showers, high 60. Friday outlook: cloudy and mild with chance of showers. Variable winds, 5 to 10 mph, becoming southeast to south, 8 to 15 mph, tonight and southerly, 12 to 20 mph, Thursday. Precipitation probabilities: today, 5%; tonight, 20%; Thursday, 30%.

Upper Peninsula — Mostly sunny and warmer with highs mostly in the 40s east and 47 to 53 west this afternoon. Partly cloudy and not so cold with lows 27 to 33 east and in the 30s west tonight. Partly sunny and warmer with chance of a few showers over west portion Thursday. Highs Thursday mostly in the 50s east and 55 to 64 west.

Low readings, past 24 hours

Bombers Keep Up Raids, But Halt Talk Grows

SAIGON (AP) — American fighter-bombers kept up their heavy raids across North Vietnam's southern panhandle today amid growing speculation that President Johnson's peace offensive is approaching some sort of climax.

Unconfirmed reports circulated that U.S. Ambassador Ellsworth Bunker and President Nguyen Van Thieu were preparing a joint statement in which the South Vietnamese government would at least accept a halt in the bombing of North Vietnam.

Despite the reports and speculation, senior U.S. officers said they had no indication that an immediate bombing halt might be in the works. One knowledgeable military source said:

"As far as we're concerned, we're planning air strikes way up ahead, but that doesn't say we can't cut out the bombing tomorrow. They were sure charging out today with business as usual."

Hanoi Unbending

While U.S. jets were striking North Vietnamese supply routes, Thieu told newsmen in Saigon that Hanoi so far has proved unbending in its response to President Johnson's new peace offensive. He said North Vietnam continues to demand an unconditional cessation of the bombing and at the same time fails to show good will or signs of a de-escalation of the war.

"No good will, no bombing halt," said Thieu.

North Vietnam's Communist party newspaper, Nhan Dan, implied the Johnson administration is encouraging reports of a breakthrough toward peace to help Vice President Hubert H. Humphrey win the presidency. Nhan Dan said the "U.S. propaganda campaign about a so-called 'breakthrough' in Paris will end in a flop."

U.S. pilots flew 134 missions against North Vietnam Tuesday, making their way through "steadily worsening weather" over the panhandle. But the number of missions was only five less than the total of 139 Monday, and that was the most in nearly a month.

While enemy ground forces generally continued to lie low, a task force of U.S. boats and South Vietnamese planes raided Viet Cong positions along the 32 miles of a river complex near the southernmost tip of the country. A U.S. Navy spokesman said 242 enemy sampans and other water craft were smashed and 167 bunkers and other structures were destroyed.

At the other end of the country Tuesday, the battleship New Jersey bombarded targets in the northern half of the demilitarized zone and destroyed or damaged about 40 bunkers, military spokesmen said.

The Navy also reported that North Vietnamese shore batteries opened up on the destroyer Davis three times Monday night and Tuesday morning but missed. Some of the initial rounds were reported to have landed within 100 yards of the ship.

Ship To Enter New Poe Lock

SAULT STE. MARIE — The new Poe Lock, part of the Soo Locks complex, is now undergoing acceptance tests and is scheduled to receive its first ship today.

The ore carrier Philip R. Clarke, owned and operated by the U.S. Steel Corp., is downbound from Lake Superior and will lock through the Poe. Operational testing is scheduled to continue until the formal dedication of the lock, scheduled for June, 1969.

The new lock is capable of handling ships 1,000 feet long and 105 feet wide. Vessels of this size are currently on the drawing boards. The new lock is 1,200 feet long, 110 feet wide and 32 feet deep.

Today's Chuckle

The reason why some golfers use carts instead of caddies is that carts can't count.

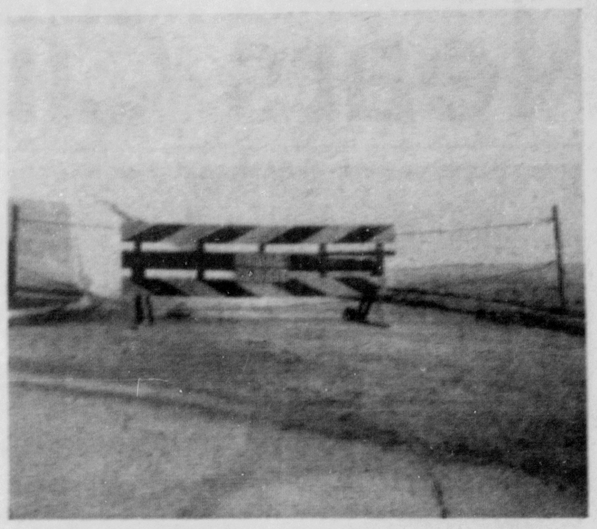

Escanaba Marina Has Aid Coming

State Orders Coho Park On Whitefish At Rapid

Escanaba has some major marina improvement coming up with cooperative financing from the Michigan Waterways Commission, but this state agency holds forth no hope of solution of the city's municipal dock maintenance problem.

The municipal dock, where Ludington Park begins across from the House of Ludington, is deteriorating and the City of Escanaba has been trying to make a policy decision on its maintenance.

Keith Wilson, executive director of the Michigan Waterways Commission, told the Escanaba Rotary Club at its luncheon meeting Tuesday in the House of Ludington that the dock would require at least a quarter-million dollars worth of work to make it safe and more likely a half million dollars worth.

THE MUNICIPAL DOCK at Escanaba is closed to wheel traffic because of the unsafe condition of its outer walls, and the cost of its repair is estimated at between one-quarter and one-half million dollars. The future of the structure as a public facility presents a problem in economics for the City Council. (Daily Press Photo)

No Dock Function

There would be for such an expenditure, Wilson suggested to Escanaba City Manager George Harvey, his host, no benefits to the State of Michigan or Escanaba. "There is no justification for doing anything to the dock," said Wilson, "it has no function. You'd be better off without it if you could unload it."

Asked if the dock could not be rip-rapped with heavy stones for protection from the seas and to contain its fill, Wilson said: "The water is 20 feet deep and I don't know if there's enough stone in the Upper Peninsula to make such a fill."

Asked about a breakwater to protect the dock he said that the water was too deep to make that feasible; that it would cost $2,000 to $3,000 a foot in 25 feet of water.

No Benefits; No Aids

Are there federal aids to such a project? No, said Wilson, because there are no benefits to be gained.

Might not lake ferries use the dock? The trend is just the opposite to public transportation on lakes, he said. People who don't own boats are chartering them.

Might the Coast Guard be interested in the dock as a site for its projected life saving station here?

"If you can get them in you're lucky," suggested Wilson, "but they only need 8 or 10 feet of water for their boats and it costs a lot to cope with more depth."

Trailer Parks

The Michigan Waterways Commission has a total budget of nearly $7 million for next year to do its work of providing harbors of refuge about every 30 miles along Michigan's Great Lakes shoreline and to meet new marina needs like the provision of launching ramps and parking lots for the cars and boat trailers of coho fishermen.

The state's harbor of refuge work is about completed. Naubinway's marina was finished this year and one at Cedar River has been authorized with federal aid, but put off because of the Vietnam war. It will provide the only shelter along the west side of Green Bay in the 50 miles from Menominee to Ford River. The Cedar River was once a commercial port and remains a commercial fishing port, but its river mouth piers have deteriorated and the stream mouth shallowed by sandbars.

Coho Pressures

Wilson told of the enormous pressures on boat launching facilities created by the coho fishery downstate in areas like Manistee, where the State Waterways Commission will provide launching ramps and parking lots to accommodate 2,500 cars and trailers next year.

"We have bought 11 acres on the Whitefish River at Rapid River (from George Anderson) and plan parking facilities for 150 cars and trailers there," said Wilson. The Whitefish has been planted with cohos which are due to return next year. The lot will be graveled instead of blacktopped because it will be filled ground. It will have adjustable concrete ramps for launching and rest rooms.

Part of the Waterways Commission's interest in Big Cedar River harbor is in the possibility of developing that stream as a coho fishery as well as a harbor of refuge. The harbor work calls for construction of a breakwater and the clearing of a 12-foot channel to near the highway bridge on M-35 in the village of Cedar River. There will be launching ramps provided in the harbor, rest rooms and other facilities.

EDA Is Helping

The difficulty of State Waterways Commission and City of Escanaba collaboration on Escanaba marina development, said Wilson, is that both have only limited funds.

Work planned for the marina includes rebuilding of the boat wells and catwalks and expansion of these facilities south of the "L" dock and the construction of a new battery of yacht wells and walks on the Sand Island side of the marina.

There is also planning underway for launching ramps for small craft in the marina, "probably on Sand Iisland."

The Waterways Commission gets about $3.5 million a year from a tax on gasoline sold for marine usage, and $400,000 from license fees on boats over 16 feet in length. The commission prefers to help finance local governments' marina projects but may build and operate docks itself.

The federal Economic Development Administration is now making grants of up to 50 per cent of the cost of marina projects, and the Waterways Commission is supplying 40 per cent of the funds for such works and the local communities 10 per cent.

"This helps with lots of projects," said Wilson, "because it's a lot easier for communities to pay 10 per cent than 50 per cent."

Schweigert Vs. Graduated Tax

Senator Thomas F. Schweigert (R-Petoskey) today urged voters to approve clean water and recreation bonding issues and to vote against a proposal to permit the state to levy a graduated income tax.

Schweigert said he had no strong feelings on two other propositions, one to put Michigan on daylight savings time and the other to permit legislators to run for another office while serving in the legislature.

"I strongly urge Michigan residents to oppose the graduated income tax proposal," said Schweigert.

"The present state income tax, although levied on a flat 2.6 per cent rate for individuals, is a progressive tax because of high exemption levels, retention of the intangibles tax and the credit for property taxes paid.

"Under the present law, persons with higher incomes pay higher taxes, and the abuse the federal government has made of the graduated income tax should not be compounded on Michigan taxpayers."

Senator Schweigert also strongly urged Michigan residents to approve proposals to bond the state for $335 million to combat water pollution and $100 million to provide urgently needed state parks, recreation areas, fish hatcheries and many other recreational facilities.

"Future generations will judge us harshly if we do not take immediate action to end our serious water pollution problems and to provide more recreational facilities to meet the demands of an increasing population that has more leasure time than ever before," he said.

If the bonding issues are approved, it is planned to issue 30-year revenue bonds, hopefully at 4 per cent interest, the senator said.

"Barring some unforeseen contingency, it is expected that these bonds can be retired without increasing taxes."

Schweigert said he felt the issue of daylight savings time is a matter of personal preference to be decided by the voters.

"If the proposal is approved, the state will be on daylight savings time during the summer months, and the state will be divided into two time zones," said Schweigert.

"On the other hand, if the proposal is defeated, previous action by the Legislature to keep the state of Eastern Standard Time all year around will be upheld."

Schweigert said he felt there were favorable points on both sides of the issue of permitting legislators to run for other offices.

"On one hand, approval of the proposal would make legislators with substantial experience in government available for higher office," he said.

"On the other hand, there is a feeling among many people that, because of their election, legislators have a contract with their constituents to remain on the job and not seek other positions.

"I feel that this is a matter for the voters to decide, not the legislators."

ROTC

HOUGHTON — Air Force ROTC is processing applications from high school students for the Air Force ROTC four-year financial assistance grant program, to be awarded for the 1969-70 school year. Five hundred grants will be awarded from applications received by Nov. 15, the deadline for initial application. Each grant provides full payment of tuition, laboratory and associated fees, a $75 per year allowance for textbooks, and a non-taxable payment of $50 per month for each of the four years.

Scouts Enjoy Fall Camporee

More than 200 Boy Scouts and Scouters from eight troops in Delta and Schoolcraft Counties participated in the Red Buck district's annual fall camporee Friday, Saturday and Sunday at Twin Springs Park on the Stonington Peninsula.

Scouts camped in tents Friday and Saturday nights and completed six events designed to test skills of the patrols Saturday.

Scores in the competition ranged from 25 to 13 with nine patrols receiving top division honors. Eighteen other patrols divided second and third place awards.

Troops participating were: Troop 400, Manistique; Troop 402, Manistique; Troop 407, Wells; Troop 408, Escanaba; Troop 414, Escanaba; Troop 444, Escanaba; Troop 466, Gladstone, and Troop 473, Ford River.

Church services Sunday were conducted by Rev. George Olson of Rapid River and Fr. Wayne Marcotte of Escanaba.

Before leaving the park, scouts picked up over a ton of garbage, much of it strewn by other campers and picnic groups, leaving the park in cleaner condition than before the Camporee, according to Jack VanBrocklin.

PAT CLEMENT of the Flying Eagle Patrol of an Escanaba Boy Scout troop signals to Charles Shiner and David Joque during one of six field problems Saturday at the Red Buck District Camporee at Twin Springs Park. Judges and other members of the patrol are seated.

Buick Workers Return To Jobs

FLINT (AP) — Following settlement of a 13-day strike at the Buick plant in Flint, 17,000 United Auto Workers along with another 4,000 workers idled at a nearby Fisher Body plant were ordered to return to their jobs today.

The settlement came after 30 hours of new continuous negotiations which settled 462 grievances at Buick, including union charges of speedup.

Before the end of the 30-hour session, some 8,000 workers attended a meeting and agreed to return to work if two remaining grievances were settled.

Jack Wagner, president of Local 599 said 32 health and safety issues were among those resolved.

The UAW shutdown at Buick Oct. 16 had begun to cause serious parts shortages at several Motors Corp. plants around the country.

Shortly after the walkout at Buick, General Motors laid off 4,000 workers at Flint's Fisher Body plant No. 1.

Before the marathon session, GM reportedly refused to negotiate on safety issues. The company said Tuesday there had been no negotiating.

"We listened to their complaints and gave them our answers," said a GM spokesman. "I assume they found them satisfactory."

One of every 50 residents of Alaska "flyingest state in the Union," has an FAA pilot's license.

No Salmon Run On Big Huron

L'ANSE (AP) — Coho salmon have failed to run upstream in the Big Huron River off Lake Superior and the situation has fish biologists shaking their heads in puzzlement.

Bernard Yllkanen, fish biologist at the State Conservation Department headquarters in nearby Baraga, said that experts are searching not only for the salmon—but for a reason why they haven't started what is supposed to be their annual fall spawning run upstream.

Last year, fishermen stood almost shoulder - to - shoulder along the banks of the Big Huron as the silvery salmon surged upstream in hordes. Many fishermen were arrested for snagging salmon illegally.

This year the Big Huron River stands alone among Michigan's salmon streams. It's the only one were the spawning run has not been reported.

Throngs of fishermen have taken huge catches from other streams.

The 1967 run hit a peak around Oct. 25-26 after starting weeks earlier, Yllkanen said. Last year's run began when Coho congregated in great numbers at the mouth of the Big Huron on Lake Superior.

No fish yet have been seen swarming at the river mouth, the fish biologist said. Nor have any large numbers been found in Lake Superior.

Most fishermen have given up their long wait and gone home, he said.

Yllkanen said department fish experts are continuing to "watch and wait."

Gift

MARQUETTE — The Upjohn Co., a Kalamazoo-based manufacturer of pharmaceuticals, has donated to Northern Michigan University's chemistry department a $15,000 spectropolarimeter, used to study the structure of proteins, steroids, and other naturally occurring substances.

Air Force Honors Sgt. F. H. Casey

Master Sgt. Francis H. Casey, son of Mrs. William Cashin of Stonington, has been awarded the Air Force Commendation Medal (first Oak Leaf cluster) for meritorius service at Hickam Air Force Base, Hawaii,

The citation said Casey distinguished himself as chief of the printing and duplicating management section, administration section, 648th Air Base Wing, from Aug. 31, 1967, to Aug. 26, 1968.

"During this period, Sgt. Casey's professional skill, knowledge and leadership enabled the base consolidated duplicating center to operate at peak efficiency even under extreme adverse conditions," the citation read.

Legion Planning Special Program For Veterans Day

Cloverland Post No. 82 the American Legion will hold its annual Veterans' Day dinner at the Legion Hall on Saturday, Nov. 9, at 6:30 p. m.

World War I veterans who have had continuous membership in the Legion for 50 years will be honored and presented with lapel buttons and cap patches.

The Legion is observing its 50th anniversary this coming year and its membership of over 2½ million now takes in veterans of World Wars I and II, the Korean and Vietnam wars.

The dinner will be served by the ladies of the Auxiliary and it will be family style.

C. Elmer Olson is chairman of the event.

Our Town After the Kids are in Bed

Dear Stefanie:

It was so good to hear from you. You are quite right. A lot has happened in our school system since you left, and most of it has been good.

There is almost no place to rent in town, what with all the new business and construction going on. The schools are almost all bursting at the seams with enrollments at a new high of 4652. The Senior High (Remember how excited you were at moving into this huge, beautiful new school?) is already stuffed to capacity with 1425 students. Remember, too, that they said the school was built for a maximum 1500 students? They kinda' forgot, though, that this meant that every classroom is filled every hour of the day, and, well, my goodness, you can't have an art class in a science room or a boy's gym class in a home economics room merely because the room is available.

Speaking of stuffed places, the first grade at Soo Hill has been really packed in with 44 kiddies. Now that the first grade will be divided and another first grade teacher added to the staff, one problem is solved but another is being made. Ran into one of our traveling music teachers last week (42 classes she has already). She has 6 classes at Soo Hill from 9 to 12, drives to Cornell during lunch time, and teaches 4 more classes there in the afternoon. She's really wondering how, when, and where she can teach another class at Soo Hill. She can't even take the first grades together because they're in different buildings.

Soo Hill also brings back memories of last year when you could walk into a room, flip a switch, and water would run from the ceiling. Remember my telling you about that this summer? Well, I'm happy to say that the roofs there and on five other schools are almost completely repaired. Learned recently that this 'little' project has amounted to $11,275.00, and of course, this amount is over and above the regular maintenance costs, which add up to a neat figure when there are fifteen buildings to worry about.

By the way, are any of your teachers taking special classes for teaching mentally handicapped children? I must admit that I was more than a little upset to find out that Buffy's teacher was absent from school every single Friday. Well, you know me — the BIG mouth had to complain and I found out that something really great is happening here. One day each week, Ann Youngs from Ford River, Bill Hyde from Junior High, Leona Erickson from Webster and Paul Hammond from Senior High attend special education classes along with teachers from other school systems. All costs, including the pay for substitute teachers every Friday, are paid by the federal government. This is really wonderful for the teachers and for the school system because it should provide Escanaba with teachers for our mentally handicapped children.

As far as the family is concerned, we're all fine. Our motel bookkeeping still keeps me busy, what with PTA and all, but after visiting the school offices and seeing the zillions of papers and figures that the state auditors are now going through, I'm grateful for my small problems. Just between you and me and the gate post, I wouldn't run a school for the world. Write soon. And keep well and happy.

Love,
Pat

(First in a series sponsored by the PTA Council publicizing facts concerning our school system) —Adv.

Education Planners Face Voters Nov. 5

There is a vague awareness among Michigan voters that eight top educational posts in the state must be filled at the Nov. 5 general election.

Two members each must be elected to the State Board of Education and to the governing bodies of the state's three largest universities: Michigan, Michigan State, and Wayne State.

To this morsel of election-year fare, the average voter, concentrating on presidential and congressional races, usually replies: "So what?" And his decision regarding statewide educational candidates is made in haste at the polls or on the basis of party politics.

But the "So what?" in November often becomes "Did I do that?" when educational decisions are made later on.

★ ★ ★

The importance attached to education in Michigan is not misplaced, but the method of selecting education policy-makers leaves much to be desired.

Consider that during the 1966-67 budget year, $16 million was appropriated by the State for operation of the Department of Education. An additional $9 million was granted by the federal government, and the department supervised expenditures of $55 million in federal grants. State aid amounted to more than $600 million. Aside from expenditures, the state board sets the pattern for quality and quantity of public education. The responsibility is immense.

Consider that for the year 1966-67, the combined state appropriation for the University of Michigan, Michigan State, and Wayne State was $145.9 million. The combined budgets were $401.3 million, and total enrollment was 111,512.

★ ★ ★

While education presumably is non-partisan, election to the State Board of Education and the governing boards of Michigan's three largest universities is based upon partisan politics. And, not surprisingly, partisan politics has penetrated deeply into educational decisions. At times, the key issue has seemed to be not what kind of education we would have but whether the Democrats or the Republicans would control it.

While there ought to be a wiser, non-partisan method of selecting board members, the choice now is an elective one between partisan candidates.

On the basis of performance, public record, and proven knowledge of educational problems and opportunities, the Panax Board of Editors endorses the following candidates:

★ ★ ★

For State Board of Education:

Marilyn Jean Kelly Stout, Detroit, Democrat, member of the board since 1965 and vice president of the board since 1967, former professor at Eastern Michigan University and presently second-year law student at Wayne State University.

James Ten Brink, Muskegon, Republican, commissioner of schools, Muskegon County, from 1935 to 1968, with a total of 40 years experience as teacher, principal and superintendent.

★ ★ ★

University of Michigan Board of Regents:

Frederick C. Matthaei, Jr., Bloomfield Hills, Republican, appointed by Governor Romney in June of 1967 to complete the term of office to which his father had been elected in 1960, University of Michigan graduate, businessman, active in U-M educational and fund-raising projects.

Robert Nederlander, Detroit, Democrat, lawyer, University of Michigan graduate, recipient of U-M's Fielding H. Yost Award for outstanding studies, athletics and leadership.

★ ★ ★

Michigan State University Board of Trustees:

David D. Diehl, Dansville, Republican, MSU graduate, successful farmer, active in MSU alumni projects, president for 10 years of Dansville Agricultural School Board.

Richard D. Ernst, Bloomfield Hills, Republican, MSU graduate, businessman, member of MSU Alumni Association Executive Board.

★ ★ ★

Wayne State University Board of Governors:

Augustus J. Calloway, Detroit, Democrat, University of Michigan graduate, community affairs director for state-wide firm, member of executive board of Family Services of Metropolitan Detroit, Detroit Citizens Advisory Committee on School Needs.

Kurt R. Keydel, Detroit, Republican, U-M graduate, businessman, former newspaper publisher, sponsor of Wayne State's Junior Year in Munich and Freiburg Program, member Michigan State Cultural Commission.

Lars Is Mourned

Wallace Cameron's sudden and unexpected death has shocked the Gladstone-Escanaba community to which he had contributed so much leadership and gaiety for so many years.

He conceived of the role of a public educator in such broad terms that he was available for literally hundreds of civic chores in his superintendency at Gladstone. He gave us all a fine example of what a public school can be — a moving force in all the cubbies of the community, affecting and aiding all the citizens and not just youth.

His devotion to community progress was a big help in Gladstone as the community wheathered the harsh transition from a wood industry base to one of general manufacture and it was also a heavy drain on his physical resources.

He leaves his family and his friends a fine memory of an effervescent Scotsman who was an adopted Swede, full of the juices of life and ever willing to participate actively in his community's life so that it could grow, and he with it.

"Hey, Let's Bring It Back Alive!"

Letters To The Press

BUS Committee For 'Yes' On Millage

We, of the Better Understanding of Schools (BUS) Committee have no allegiance to any group other than the general public, have no particular axe to grind; and have only to answer to our own consciences. We have, in the interest of our children and the public, spent a good deal of our personal time and effort to try to understand our area school system. We are not looking for any personal benefit other than educating ourselves and the general public, as our name implies.

Our school board has requested millage on the Nov. 5 ballot. We could argue until dooms' day whether we should wait until spring and re-evaluation, whether the 4.9 mills is absolutely accurate or not. However, the fact remains that, whether we like it or not, we are already obligated to about 90 per cent of our budget's expenditures for maintenance, teachers' salaries, insurances, etc. We do need money!

We believe that we now have a school board that has seized the initiative by examining the budget and initiating cuts, by touring individual schools in the area making note of problems pertaining to each school; and by making themselves available to any person or group seeking information. Also, they have made known their intent to hold regular school board meetings at various schools in the district, the first of which was held at Ford River.

(It is interesting to note here that the Escanaba City Council has decided to follow this example to bring the "Council to the People" by holding their meetings at various locations in the city).

The awareness of our school board to problems that exist in our school district is very encouraging to us and we are sure that they will seek solutions to these problems.

We feel that every taxpayer in our area has an obligation to provide a good basic education for all children.

While no one can accurately forecast the future, we take the millage request at it's face value—an estimate. The majority of the BUS Committee supports the school board in this request for additional funds.

By giving this support, it should not be implied by anyone that we are relinquishing our right to question any aspect of the school system's operation. If it should be shown that as a result of the current state audit, that certain changes are recommended, we shall then expect that the school board and those concerned shall take the necessary steps to institute these changes.

BUS Committee
P.O. Box 193
Escanaba

OLIVARES

In a recent news release concerning Ernest Olivares, district judge candidate, it was stated that "Court Won't Handle Youth."

If this is so, which candidate is right concerning the authority of the new district court system?

Certainly, as the article further stated, both candidates now owe it to the people who will be stuck with the winner for four years, to submit to an intense cross-examination concerning professional experience and knowledge, in a public forum with complete freedom of all citizens to question both Olivares and his opponent, whoever it may be.

As a student at Bay de Noc College, perhaps I could help in some way to arrange this if anyone else is interested in this matter. Some people should be!

With apprehension concerning the new district court system, I remain,

Richard R. Pepin
Flat Rock

RACIST

This letter is in regard to the editorial published in the Oct. 23 Press. It was stated:

"The opinion polls indicate that Nixon will be far out in No. 1 choice of the voters and Humphrey the No. 2 choice, but there will also be a big vote for former Alabama Governor George Wallace."

It was also stated:

"Voter support of this racist is the bitterest comment of the campaign upon the poor state of American understanding of government and of the obligations of citizenship and also on American discontent and fear."

"The problems the new president will face are huge and enduring. While he may solve the war in Vietnam, there is no prospect that in a presidential term, he could solve the problems of racism."

★ ★ ★

I would like to know what the Daily Press considers a racist is. I'm sure that many other people in the area would also like to know. Your editorial does clearly label George Wallace a racist. Your opinion of a racist could very well be the same as that of George Wallace. Wallace is quoted as saying:

"I consider a racist to be someone who does not like someone else because of his color."

Would not the Press agree that this is what a racist is? George Wallace also said:

"I have never made a speech in my life where I have reflected upon anybody because of race, religion, color, creed or national origin."

When Wallace's wife ran for the governorship of Alabama she received about 40 per cent of the total Negro vote in the state. And she received about 85 per cent of the Negro vote in Selma. If the Wallace administration did in fact oppress the Negro then why did it receive such a large per cent of the Negro vote?

★ ★ ★

Your editorial also stated about Wallace:

"He may solve the war in Vietnam."

While your editorial admits Wallace may be able to solve the war, the candidate you endorsed has no solution to the war.

In fact Richard Nixon does not want to win the war. In a speech in Concord, N. H., on Feb. 12, Nixon criticized the conduct of the war but carefully refrained from any mention of defeating the communist North Vietnamese and winning the war.

On Nov. 20, 1967, Nixon declared on a National Education Television program: "I oppose the invasion of North Vietnam. I oppose nuclear weapons. I oppose the declaration of war against North Vietnam. Our goal is solely . . . the same as we had in South Korea." . . .

Richard Nixon offers no end to the war. He offers no end to race problems in this country. Of course Wallace cannot solve our race problem in one four year term. This problem has been here since Civil War times and no one President will completely overcome it.

Wallace can bring us law and order in this country, and do not confuse this with racism. He can bring an end to the war, and is not against anyone in this country because of color or race.

Paul A. Sullivan Jr.
15 S. 2nd St.
Wells

Editor's note: The editorial is misquoted. It did not say Wallace might solve the war in Vietnam. It said the President who is elected might do so and there is no prospect, and we hope no possibility, that Wallace might be the president.

We believe a racist is a person who would treat races differently and that this violates the basic concept of our Constitution on citizenship.

The Wallace propaganda about his wife's Negro vote neglects a vital fact that alone could give it meaning: How many of Alabama's Negroes voted? If only 10 did and 4 of them voted for Lurleen Wallace, that would be 40 per cent.

Why would anyone familiar with Alabama's very high crime rate think that Wallace could solve the national crime problem? As for foreign affairs, he has no experience in it.

People, Events Of Yesteryears

From the Files of the Escanaba Daily Press

25 Years Ago

Mrs. Robert Hoar was the guest of honor at a delightful surprise party Tuesday evening at her home on Deer St., Manistique, arranged by her sister, Mrs. Victor Beaudry and Mrs. Roy Briggs in honor of her birthday. Cards were played for most of the evening after which refreshments were served.

★ ★ ★

Rev. C. V. S. Engstrom, for the last 13 years has been pastor of the Mission Covenant Church which celebrated its 50th anniversary of its founding.

50 Years Ago

R. W. McBride, one of the sheep men who recently transferred his business from Idaho to Cloverland, shipped to the Chicago market 2,800 sheep which he raised on his ranch in the U. P. He is now on his way to Idaho where he will visit, but he expects to return in the spring with a big herd of lambs.

★ ★ ★

Lt. Coughlin, the only Escanaba man to rise from the ranks to a commission after serving in France with the American Expeditionary Forces, reached the city to enjoy a week's furlough at the home of his parents, Mr. and Mrs. T. M. Coughlin.

Win At Bridge

By JACOBY & SON

	NORTH	30
	♠ J 10 7 ♥ J 10 9 5 ♦ J 8 6 2 ♣ K 4

	SOUTH (D) ♠ K Q 6 3 2 ♥ A 3 ♦ A 10 9 5 ♣ J 9	

Neither vulnerable

West	North	East	South
			1 ♠
2 ♣	2 ♠	3 ♣	3 ♠
Pass	Pass	Pass	

Opening lead—♠ 9

The Spanish team in the World Bridge Olympiad finished in 15th place only, but it did manage to beat the United States handily in one match.

Enterprising bidding at both tables, plus good play, managed to bring them part scores each way and a profit of six International Match Points on this hand.

The bidding in the box shows the action when Serra and Cabot of Spain sat North and South.

North's two spade calls was strictly competitive and a trifle too rich for the United States player at the other table, who merely passed.

East won the spade lead and returned the eight of hearts. South ducked and West was in with the king. If West had played a pat defense and led another spade there is an excellent chance that South would have taken two diamond finesses and gone down one, because West held both the king and queen, but West abandoned the pat defense and led his king of diamonds. Now all South had to do was to win that trick, draw trumps, lead a club to dummy's king and concede a trick to the queen of diamonds.

At the other table, after the American North failed to bid two spades, East bid three clubs anyway and everyone passed.

North led the spade jack. Dummy's ace won and a club was led. The finesse of the queen lost to the king. North played a spade and South won the second defensive trick to lead the jack of clubs. West won that and played his king of diamonds.

Later West led a heart from dummy to his king and returned a heart. He played low from dummy and South had to take his ace for the fourth and last defensive trick.

♥♣CARD Sense♠♦

Q—The bidding has been:

West	North	East	South
			1 ♣
Pass	1 ♦	Pass	2 ♠
Pass	3 ♦	Pass	?

You, South, hold:

♠ A K 7 6 ♥ K Q 9 4 ♦ A ♣ K Q 10 7

What do you do now?

A—Bid three hearts. Your partner may just happen to hold four hearts and your hand is so powerful you want to show your three suits.

TODAY'S QUESTION

Your partner continues to four diamonds. What do you do now?

Answer Tomorrow

Small Computer Corrects Errors

CHICAGO (AP) — A desk-drawer computer which can be linked to a group of typewriters to correct typing errors automatically was introduced today by the Automatic Office Division of Information Control Systems Inc. of Ann Arbor, Mich.

The firm displayed the small computer, which directs an automatic retyping of letters at high speed, at the Small Business Equipment Manufacturers Association Show in Chicago.

Ann Landers

Enjoys Yelling At Waiters, Busboys

Dear Ann Landers: What is wrong with a person who insists on making scenes in restaurants? My brother-in-law seems to enjoy bawling out waiters, yelling at busboys — anything to get attention.

Although no one else seems to notice, he's constantly complaining that the silverware isn't clean, the glasses are cloudy, the table linen is wrinkled, the sugar is lumpy, the salt shakers don't pour freely, the service is slow, there's too much noise in the kitchen — and on and on and on. Why would a person behave like this? — EMBARRASSED

Dear Em: Anyone who must abuse waiters and busboys and find fault with the silver, the glasses, the linens, the salt and sugar, etc., is pathetically insecure. If and when your brother-in-law develops some self-esteem and a measure of contentment, he will not find it necessary to abuse those who are paid to serve him to prove that he is better than they are.

★ ★ ★

Dear Ann Landers: My husband left for Vietnam one month after our son was born. My father has become so attached to little Ricky that it is making me nervous. Dad comes over every evening to see the boy. On weekends he takes Rick to the park, the pool, the fair and shopping. Of course I go along but I feel like a third wheel because Dad takes complete charge.

I see a father-son relationship developing and I'm afraid when my husband returns, there will be trouble. Please tell me what to do. — ANONYMOUSLY WORRIED

Dear Worried: Your child is fortunate to have an adoring grandfather who wants to spend time with him while his daddy is at war. When your husband returns he will assume the father role in due time and Grandpa will step back. Relax.

★ ★ ★

Dear Ann Landers: I am 14 and love children, especially babies. Being an only child, I haven't had much experience taking care of them. When I babysit it's usually for five-year-olds and up.

A woman I sit for now is expecting a new baby in January. She has already promised me her business.

I am afraid I don't know enough about taking care of infants, Ann, but I'd like to learn. What do you suggest? — WILLING

Dear Willing: The best way to learn to care for a new baby is by letting the mother teach you. Ask the woman if she will allow you to watch her feed and change the baby. Then ask if you can "practice" in her presence.

There are also schools and organizations such as the Red Cross which conduct "well baby clinics." Some of them will allow a conscientious sitter to attend classes when there is room to spare. Call and inquire.

Answer to Previous Puzzle

Hatlo's They'll Do It Every Time

PROBLEMS GENERATED by snagging of coho salmon by fishermen at Thompson Bay were discussed by Rep. Charles Varnum, left, Dr. Wayne Tody, center, and Cliff Long Tuesday at the State Office Building in Escanaba. Tody, chief of the Conservation Dept. fish division, indicated that some new recommendations might be made for the 1969 season. (Daily Press Photo)

Coho 'Snagging' Changes May Be Made, Tody Says

Dr. Wayne Tody, chief of the Michigan Conservation Department's fish division, said in Escanaba Tuesday that Michigan may make some adjustments in its anti-snagging law for sports fishing of coho salmon.

Tody flew into Escanaba from Lansing to meet with Rep. Charles Varnum (R-Manistique) and Cliff Long, Escanaba district fish biologist, in regard to the coho salmon fishery at Thompson Bay.

A large number of sports anglers were arrested by Conservation officers at the mouth of Thompson Creek for snagging salmon during the height of the salmon run in August and September.

Varnum said he received a large number of complaints from sports fishermen who were arrested, although the snagging of fish was unintentional.

May Limit Lures

"We're working in the direction of getting a well-defined, acceptable fishery," Tody said. "Our attitude is that we are going to be responsive to the people and we're going to do our best to allow for an acceptable policy."

He indicated that the solution to the coho snagging question might lie somewhere in the area of setting limitations on the type of fishing equipment for coho salmon fishing. For example, a fisherman might be allowed to keep a salmon snagged with legal hooks, but could be subject to arrest and prosecution if his lure failed to meet specifications.

Tody pointed out, however, that the Conservation Dept. is not just concerned with the coho salmon fishery.

"If we go too far then we create other problems," he said. "Most of our salmon streams are also steelhead streams."

Law Is Cited

Varnum said he has not had any complaints regarding the Michigan anti-snagging laws for any other fish except coho salmon.

The present state law provides that any "snagged" or "foul hooked" fish must be returned to the lake or stream. A fisherman failing to do so is subject to arrest and prosecution.

The law in effect provides that snagging of fish, even accidentally, is illegal, Tody pointed out.

"The officer can't change the law in the middle of the season and it's difficult to make sweeping policy changes in the middle of a season," he continued. "If we tried to do that only confusion would result.

"We realize there have been some problems with the coho," Tody said. "The salmon is not a walleye or a bass and we realize some adjustments will have to come up."

Many of the complaints lodged with the Conservation Dept. and with Varnum have emphasized that coho salmon were planted in the Great Lakes as a sports fishery and that even if snagging were allowed all of the fish would not be harvested. Fishermen have complained that the fish will die anyway, so why not let sports anglers get them.

Will Be Surplus

Tody said Tuesday that the "salmon has tremendous value. It's worth its weight in gold as food, let alone sports fishing, and it's going to have to be managed intensively."

There is no way possible for sports fishermen to harvest all of the coho salmon making spawning runs each year, he emphasized.

"There is going to be a surplus."

Present department policy regarding the surplus is to collect the salmon at traps or weirs erected in the spawning streams, take the fish needed for research and eggs, and sell the rest to a fish processor. Tody said surplus salmon sold this year netted the state 15.6 cents per pound from a Grand Rapids processor, who was the successful bidder on the salmon contract.

Tody said that because of the investment in equipment required to properly handle and process salmon, only one contract was awarded.

Million Fishermen

In discussing the overall salmon program, Tody said the state expects a million fisherman by 1980 and pointed out that places to fish will be needed. He said that management of the coho program may have to be set up for each individual stream.

In Bear Creek in Lower Michigan, Tody pointed out, fishermen this fall were using every imaginable method to take salmon. The stream eventually was closed to fishing. Thompson Creek also is off limits. Tody indicated that fishing in larger rivers, however, probably will continue to be acceptable in the future.

Tody said that recommendations for changes in department policy and state laws regarding coho salmon fishing will be made at the December meeting of the Conservation Commission. He said some changes might be made by Commission directive, but others probably will take legislative action.

Principal Struck, School Closes

SYRACUSE, N.Y. (AP) — The Nottingham High School was closed Monday after the principal was struck by a chair during a disturbance in the school cafeteria.

Police said about 20 Negro teen-agers, who had been ejected from the school earlier in the day, returned during the lunch hour and touched off a melee.

William Vlydenburgh, the principal, received a head injury requiring 16 sutures.

Police said the Negroes were not pupils at the school, which has about 140 Negroes among its 1,500 enrollment. No one was arrested.

Ford Claims It Will Set Records

KANSAS CITY (AP)—Semon E. Knudsen, president of Ford Motor Co., said Monday that Ford will set car and truck production records in October and November.

He told the automotive Warehouse Distributors Association that Ford would build more than 350,000 cars and trucks in its U.S. and Canadian plants this month, topping the previous record of just under 216,000 set in October 1966.

He said that in November Ford expected to beat the old North American record of nearly 322,000 units set in November 1965.

Accidents Decline With Sunday Liquor

LANSING (AP)—A prediction that Sunday liquor sales would result in an increase in traffic accidents did not pan out, a spokesman for the Michigan Licensed Beverage Association said today.

Eddy Shepherd, State coordinator for the association of bar and tavern owners, said contrary to the trend for the year, State Police reported a 17 per cent decline in traffic accidents in September compared to the same month a year ago.

This compared with a 12 per cent over-all increase for the first eight months of the year, he said.

"Opponents of Sunday liquor sales pictured a big increase in traffic accidents if the measure were approved," Shepherd said. "September was the first full month of Sunday sales in more than 900 establishments.

"Once again," he said, " . . traffic fatalities have decreased after extension of controlled and supervised drinking of liquor by the glass.

"Proponents of legal liquor sales said this would happen after the experience of Battle Creek, Ann Arbor and Highland Park, where drunk driving arrests and traffic fatalities decreased after liquor by the glass sales were approved by the voters," Shepherd said.

Slovaks Erupt Against Soviets

BRATISLAVA, Czechoslovakia (AP) — Slovaks in Bratislava emulated Prague's Czechs Tuesday night and roamed their city's streets shouting "Russians go home" and "Brezhnev boo boo boo."

The anti-Soviet demonstrations erupted after 10,000 cheering, chanting Slovaks broke through police lines in a wild greeting for the nation's liberal Communist leaders, visiting the capital of Slovakia for the local celebration of Czechoslovakia's 50th anniversary.

A similar demonstration in Prague Monday night against the Soviet occupation brought a warning from Deputy Interior Minister Jan Mayer that the police were determined to "maintain public order."

But police and militiamen failed to stop the marching Slovaks shouting anti-Soviet slogans.

Led by a man carrying a sign with the French word "Liberte," the column moved through Bratislava, singing the national anthem and lighting candles as memorials at half a dozen places where Slovaks were killed during the Soviet invasion last August.

Earlier, tens of thousands of Slovaks wildly applauded the arrival of President Ludvik Svoboda and Communist party chief Alexander Dubcek, the latter a Slovak. The crowd mobbed the railroad station as their eight-car train pulled in, forcing an honor guard and a band to retreat without playing a note.

Lined 40 or 50 deep on each side of the street, Slovaks chanted "Long live Dubcek" and "Long live Svoboda" as a motorcade took the leaders to the Slovak National Council building. Dubcek and Svoboda waved briefly from a balcony when youths climbed trees around the building and yelled for them to appear.

Today Svoboda signs new charters that create autonomous Czech and Slovak states, joined in a federation.

Sea Lion Or Seal Floats To Shore Near St. Joseph

PLAINWELL (AP) — If anyone is missing a pet sea lion—or seal—the State Conservation Department district office at Plainwell has some sad news for the owner.

The exotic sea creature, a native of west coast waters, is dead.

The body caused a minor mystery when it washed ashore near St. Joseph Saturday morning.

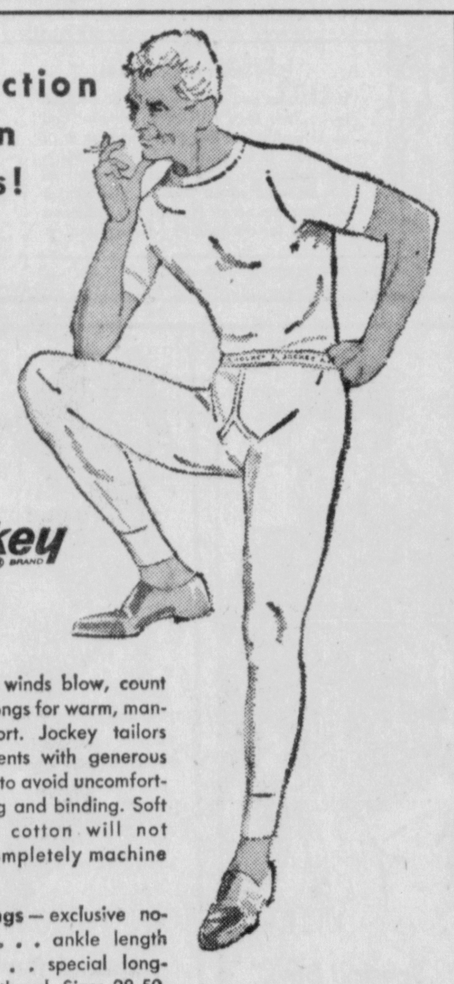

Conservation department biologists Bill Bartele of the Plainwell office said it was identified as a species generally known as the common hair seal.

Actually, he said, it belongs to the sea lion family but not of the species that grows tusks and whiskers. The mystery sea creature is a 40-pound youngster.

"It was in good condition and there were no wounds or any apparent cause of death," Bartels said. "We are still studying it. It is similar to the common seals you see in Marinelands."

Bartel speculated it might be a pet that swam away from a boat passing through Lake Michigan or could belong to some Michigan family with a taste for exotic sea animals.

Wallace Draws Big At Cobo Hall

DETROIT (AP)—Third party candidate George C. Wallace said Tuesday that northern industrial states like Michigan will help propel him into the White House.

"I think we're going to have 177 electoral votes from the 17 southern and border states," Wallace told reports on his arrival here. "And we'll pick up about four states like Michigan and Illinois and Indiana and Wisconsin and we can win.

"We're not giving up on any state," he added.

Wallace, who has attracted the largest and most enthusiastic crowds of any presidential candidate stumping this year in Michigan, appealed to the workingman Tuesday night during a frenetic rally at Cobo Hall that was marked by fist fights, raucous hecklers and wildly cheering supporters.

Wallace told the capacity crowd at the Cobo Hall arena hoped "the polls will take notice of the crowd here at Detroit." The polls recently have said that Wallace support is slipping.

"If we're slipping," Wallace declared, "We're slipping right into the White House."

He told newsmen that the large crowd "is not a mirage. It's true, and we have this sort of support throughout the United States."

Wallace, who has received the unofficial support of one United Auto Workers local in Flint, unfurled a 30-foot-long petition signed by Alabama steelworkers as evidence of his appeal to the workingman.

"You check in Alabama and you will see that we've been endorsed by every labor group in Alabama for president of the United States," he said.

"I've had the support of labor ever since I ran for governor in Alabama," he added.

When newsmen asked about his reactions to another UAW local that gave him the nod in a presidential preference poll, and then later switched back to Hubert H. Humphrey, he replied:

"You've got thousands of people in unions and got some there some day and some not the next. We're going to get the rank and file support in all spectrums of society in this state and other areas."

"If we get 34 per cent of the vote, and the other two get 33 per cent apiece, we are going to win the election because it only takes a plurality," he said.

The campaign swing marked Wallace's third trip to Michigan this fall. He has not scheduled any further visits to this state before the election on Tuesday.

NOW SERVING with the U. S. Army in Vietnam is Pfc. George L. Briere, 20, son of Mr. and Mrs. Ernest Briere of Wells. He entered the Army May 2, 1968, received his basic training at Fort Campbell, Ky., and graduated from the Supply Training Center, Fort Polk, La. Pfc. Briere arrived in Vietnam Sept. 24.

Detroit Living Costs Up .5 Pct.

DETROIT (AP) — The cost of living in Detroit rose more than twice the national average in September. But despite the increase from August, living costs in Detroit still remained slightly below the national average.

The cost of living from August to September jumped 0.5 per cent in Detroit while the national average increase was 0.2 per cent.

The Labor Department said the national cost of living increase in September was the lowest for any month this year.

The department said that prices in Detroit have risen 5.1 per cent within the last year.

The big increase in Detroit was in clothing with men's and boy's clothing increased by 2.4 per cent and women's and girls clothing up by 2.5 per cent.

Increased property taxes and repair costs were mostly responsible for a one per cent hike in housing cost.

Food prices in Detroit generally were the same. An exception was the price of eggs, from 53 cents a dozen in August to 62 cents in September.

Airport Changes In Forty Years

LOS ANGELES (AP) — Forty years ago today, the City of Los Angeles started operating a tiny airstrip surrounded by bean fields and barley. International Airport is now rated the third busiest major air terminal in the world.

Michigan Travel

LANSING (AP) — Michigan motorists logged an estimated 12.61 billion vehicle miles of travel on state highways during the months of June, July and August, an increase of nearly six per cent over the same months the previous year.

Wyoming Enacts City Income Tax

WYOMING (AP) — City commissioners of Wyoming enacted legislation Monday night permitting them to inaugurate a one per cent city income tax. But the commissioners said the tax would go into effect Jan. 1 only upon recommendation from an advisory committee of citizens. Commissioners said a 55-member advisory group would be named soon to study the need and resources for the proposed income tax. Wyoming voters last March defeated a similar tax by a two-to-one margin.

Education Board Sets Up Hearings

LANSING (AP) — The State Board of Education plans three public hearings in Lansing next month.

The first, dealing with proposed regulations to determine the minimum hours per day that schools must be in session to qualify for state aid payments, will be Nov. 15, in the State Capitol House chambers.

A hearing will be held Nov. 20 in the House chambers on proposed regulations to upgrade standards for public and private driver education courses.

The third hearing, Nov. 22, also in the house chambers, deals with rules covering the disbursement of $100,000 for school districts to conduct studies on extending the school year beyond the traditional September-to-June sessions.

Tigers, Lions At Pontiac Stadium?

LANSING (AP) — The Detroit Lions and Detroit Tigers would play their homes in a new Astrodome-type stadium in Pontiac if a Pontiac citizens committee had its way.

The newly formed group, calling itself the Wide Track Stadium Committee, said Tuesday it planned to petition for a year on a bond issue to finance a new stadium in Pontiac.

Former State Sen. Carl O'Brien, D-Pontiac, said he and Pontiac attorney Robert Cunningham are heads of the committee, which envisions "a covered stadium in downtown Pontiac much on the order of the Houston Astrodome."

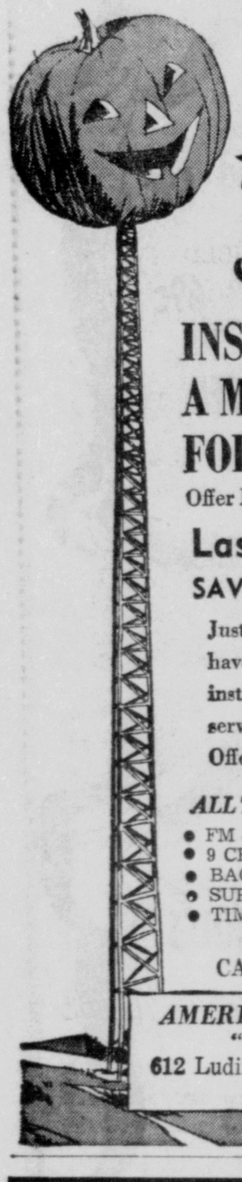

O'Brien said officials of both the Lions and Tigers had been contacted and were "very enthusiastic." He added there is "better than a 50-50 chance" the two teams would move to Pontiac.

Talk of a new stadium for Detroit is not new, but most speculation about a site has centered on the State Fairgrounds in Detroit.

Gov. George Romney last week set up a meeting with Detroit officials to discuss the stadium idea, but canceled it when Mayor Jerome Cavanagh did not appear in person.

O'Brien said petitions should be in circulation in Pontiac by late November. The deadline for putting the bond issue proposal on the Nov. 5 general election ballot is already past.

Hawaiian Natives

HONOLULU (AP) — When Captain Cook discovered Hawaii in 1778, there were an estimated 300,000 natives in the islands. Now only about 1,000 remain "pure" Hawaiians.

Robert C. Schmitt, state statistician, said Monday in the Journal of the Polynesian Society that by the end of 1967 there were about 130,000 inhabitants with at least some Hawaiian blood. The population of the islands at the end of last year was 786,600.

RUSHING THE SEASON, a swimsuit-clad skier tries out a new material that reportedly is comparable to natural snow in bulk density, compaction and compressibility. The ski surface, which is rolled out like carpeting, was tested in Grossinger, N. Y.

Detroit Freeways Are Under Study

LANSING (AP) — The State Highway Department has announced plans to create a new freeways operations unit to improve use of metropolitan Detroit's freeway system.

A six-man team of engineers and technicians will be assigned to work full time on improving operation of the area's traffic network.

The team will look for better ways to clear up traffic bottlenecks, remove disabled vehicles, regulate traffic and maintain the freeways. An estimated $63,000 will be needed for the first year of operation.

Thailand Hasn't Been Consulted

WASHINGTON (AP) — Thailand, which provides key bases for U.S. air attacks on North Vietnam, says the United States has failed to consult Thai leaders on a possible halt to the bombing.

Ambassador Bunchana Atthakor said in an interview, "I am sure our government has not been consulted at any level."

State Department officials said privately it would be astonishing if as close a Vietnam war ally as Thailand were not being kept fully informed by U.S. spokesmen in Bangkok and Washington.

However, Bunchana's comments here came after Thai Prime Minister Thanom Kittikachorn twice declared publicly that if the United States wanted a bombing halt it should first consult its allies. Kittikachorn said he had not been consulted.

The ambassador appeared deeply irked that Prime Minister John Gorton of Australia had declared his country was being closely consulted and that Prime Minister Souvanna Phouma of neutral Laos was quoted as saying that he had been informed by Ambassador William Sullivan that the United States was planning a bombing halt.

Thai Foreign Minister Thanat Khoman also was not being kept informed, the ambassador said.

Thailand is not opposed to peace negotiations in Paris Bunchana said, but it is opposed to any separate representation for the National Liberation Front, the political arm of the Viet Cong.

Griffin Meets On Franking Charge

WASHINGTON (AP) —The Post Office Department said Tuesday Republican Sens. Robert P. Griffin of Michigan and Charles H. Percy of Illinois will meet next month with Postmaster General Marvin W. Watson to discuss allegations that they abused their franking, or free mail, privileges.

Both Griffin and Percy dispute the department's claims which involve about $30,000 for Griffin and approximately $40,000 for Percy.

The department said the Griffin case goes back two years and involves the mailing of a newsletter to constituents. The mailing by Percy, it said, was made last January.

Claims on Griffin have been issued by the Post Office each October since 1966.

DITCH-DIGGING MACHINE is turned into a labor-saving device by these GIs filling sandbags in Vietnam. Operated by a four-man crew, the converted ditch digger can fill four bags a minute.

Voters Ignoring Governor's Race

CHICAGO (AP) — Supporters of third-party presidential candidate George C. Wallace may hold the key to an Illinois governor race matching two men whose biggest apparent differences are age and how often they smile.

At factory gates everywhere workers wearing Wallace buttons ignore Democrat Samuel H. Shapiro, the 61-year-old incumbent, and Richard B. Ogilve, 45, the Republican challenger.

"The question is how many of them will vote for Wallace and go home, forgetting the state ticket," says an aide to Yale educated Ogilvie.

Shapiro served 14 years in the state legislature before serving two terms as lieutenant governor behind Gov. Otto Kerner. When Kerner quit to take a federal judgeship in March, Shapiro moved up.

Ogilvie is a former U.S. special prosecutor of crime syndicate hoodlums and a Republican intruder in Mayor Richard J. Daley's Chicago Democratic stronghold.

Ogilvie barged into Daley's territory in 1962 with an upset victory in the race for Cook County sheriff.

In 1966, Ogilvie, with Sen. Charles H. Percy at the top of the ticket, won the patronage-rich presidency of the Cook County Board of Commissioners.

Neither Shapiro, who wears a constant smile, nor Ogilvie, a stocky, stern-faced man, possess the ability to woo voters by eloquence or personal charm. Both are running campaigns well financed by donations.

Both have based their campaigns on records in their respective fields.

Shapiro and Ogilvie differ little on the key issues.

Both men are even on the law and order question.

Neither candidate is willing to support a state income tax as a solution for Illinois' fiscal problems. Both parties have strongly endorsed a constitutional convention proposition which would allow fiscal restructuring.

Boxer's Action, Moves Employer

ST. LOUIS (AP) — A businessman who saw Olympic boxer George Foreman wave an American flag after defeating his Russian opponent says he will now integrate his St. Louis factory.

John Ferring, president of Plaze Inc., said he talked the move over with his 20 employes after seeing Foreman, a Negro, win on television. Ferring's form manufactures pressurized containers.

"As a direct result of this simply Olympic ceremony," Ferring said, "our small plant has unanimously expressed a desire to integrate our present all-white work force."

More people get more news from newspapers than all other sources combined.

PLAN AIRPORT DEDICATION

THE DEDICATION of the new Escanaba Municipal Airport is planned to be held in conjunction with a gala July 4, 1969, weekend celebration, Claude J. Tobin, chairman of the dedication committee, reported today. Members of the committee gathered in the new terminal building Tuesday to plan for the event which is hoped to bring to Escanaba either the Navy Blue Angels or the Air Force Thunderbirds, spectacular jet precision flying teams. Pictured (from left) are George Douglas, Ken West, Wally Arntzen, Dean Shipman, Claude Tobin, William Morrow, Irving Olsen, Walter Lewke and Pete Zimmer. Other members not present are Don Breault, John Anthony, Russell Lee, Tom Dufour, Charles Sedenquist, Don Brandt, O. C. Christiansen and George Dunlap. The committee views the dedication as one event in a weekend July 4 celebration, with the cooperation of all community groups. (Daily Press Photo)

Sports Accent Turns To Deer

Northern pike fishing continues good on Little Bay de Noc in the vicinity of Gladstone using minnows and artificial lures, the Conservation Department reports. A few are being taken at the yacht harbor out of Escanaba by casting. Some perch also are being taken on worms and small minnows.

In Alger County a few brown trout are being taken from Au-Train Basin using nightcrawlers and artificial bait and some bass and northern pike.

In Marquette County some nice catches of rainbow trout and splake are being taken on Johnson Lake using corn for bait, fishing mostly at night. Little Shag Lake is producing good catches of bluegills and perch, using worms and small minnows.

In general leaves are all down in the area and there is no color. Side roads are getting wet, muddy, and in poor shape. Streams throughout the area are very high.

Very few bird hunters are out, with scattered reports of success. A few duck hunters are still out in Portage Marsh, with a few flight duck being taken. The trapping opener was very slow, with very few trappers out. Most of the activity in the outdoors seems to be in preparing hunting camps for the coming deer season and persons out looking for deer signs and sightings of deer.

Fishing has been very slow and will continue so because of the lack of interest this time of the year and the winds and rain.

THE EAGLES AWARD of Merit was presented to Delta County Sheriff Harold Finman at a meeting of the Escanaba Eagles Club Tuesday night. Pictured (from left) are Mayor Cecil B. Chase; Harry Ford, Eagles National president of Kingsport, Tenn., and member of the National Police Association; Sheriff Finman receiving the award for his 30 years in law enforcement; and Francis Lewis, president of the Escanaba Aerie of Eagles. (Daily Press Photo)

Ruppe Cites Federal Spending

11th District Got $266 Million In '67

MENOMINEE — Campaigning through the 11th District, Congressman Phil Ruppe in a stop in Menominee yesterday said the last two years have been the years of greatest federal support for the 11th Congressional District, and pledged to continue working with local groups on the effective implementation of programs.

"I want to put a stop to a myth," Ruppe told a gathering, that a congressman gets a hold on money in Washington and sends it back to his district. That's untrue. On sewer and water programs, airport expansion, senior citizen housing and all the rest, it is the local government that starts the action, and the congressman can help out by cutting red tape, arranging meetings and moving the programs along.

"My office has worked on over 300 of these projects. These are difficult times but we have some difficult problems in this area," Ruppe said. "I recently asked the Office of Economic Opportunity to run a computerized print out of all federal support coming into this district. This includes aid to education, Social Security and the rest. The figure for 1967 totals 266 million.

"The estimate for 1967 and 1968 totals out at about a half billion dollars into the 11th District. The fact is we are getting more than our fair share of federal support, in comparison to other areas, because our problems are greater and our people are more aggressive in taking advantage of the programs offered.

"Now I voted for belt tightening in the 90th Congress," Ruppe continued, "because the rubber stamp 89th Congress practically put us on the rocks economically. But certainly when monies are appropriated by Congress, and are going to be spent, I work with our communities to see we get our share. For anyone to imply," Ruppe continued, "that they are going to bring more money into this district is so absurd it isn't even worth commenting on."

N. Vietnamese Delegate Sees Political Slant

PARIS (AP) — The chief North Vietnamese delegate to the Vietnam peace talks charged today that U.S. proposals for a bombing halt "are meant for the presidential election campaign." He called again for an unconditional halt in the bombing of his country.

Ambassador Xuan Thuy spoke to newsmen following the 28th sessions of the Paris talks in a 90-minute meeting that was the shortest since the talks began May 13.

U.S. Ambassador W. Averell Harriman told newsmen before the meeting that "as far as I am concerned, the election is not entering into discussions here in any shape, form or manner. We have been dealing with the problems of peace for the American people and that's the only thought we have."

Harriman during the meeting repeated the U.S. offer to quit South Vietnam as North Vietnamese forces pull out and to aid the economic development of North Vietnam after a peace agreement. Thuy called this "the policy of the carrot and the stick" and rejected it.

Harriman told newsmen he had asked the Hanoi delegates for "a reduction of hostilities and a move toward a settlement of the problem of peace."

Jr. Publications Conference Nov. 2

William E. Porter, chairman of the Journalism Department of the University of Michigan, will keynote the Upper Peninsula Conference on Student Publications Saturday, Nov. 2 at Marquette Senior High School. Between 300 and 400 high school students and their advisers are expected to attend.

Participating from the Escanaba area as consultants: Mrs. Nikki Traverse, WDBC, and Lee Wiles of Lee's Studio; students from Escanaba Area High School, Sharon Thorbjornsen, Steve Seymour, Barb Benoit, Steve Jurmu and Dan Lee; from Holy Name High School, Carla Mineau, Katie Priniski and Margaret Schmit; from Rock High School, Diane Kivekus.

Governor Praises GOP Delta Effort

Gov. George Romney, held downstate by the funeral of Wilber Brucker, former governor and secretary of the Army, sent a message to the more than 100 Republicans who turned out to greet him at a breakfast rally at the Gladstone Yacht Club this morning.

Congressman Philip E. Ruppe (R-Houghton) spoke for the Governor at the rally, expressing Romney's regret at having to miss the rally because of the funeral and saying that he would join Ruppe's campaign caravan later today at Ironwood and speak at the dinner tonight at Pine Grove Country Club in Iron Mountain to boost the candidacies of Ruppe, Jack Payant, Republican nominee for state representative in the 109th District, and other Republicans.

Ruppe quoted Romney: "I am proud that the Republicans of Delta County have fielded such a strong team of county candidates for the Nov. 5 election. It gives the people an opportunity to select from among very qualified individuals and it attests the growing strength and leadership of the Republican party.

Praises Varnum

"I am sorry not to be there to give Chuck Varnum (Rep. Charles Varnum, R-Manistique) a plug because the Republicans in the Michigan Legislature hold only a narrow margin and Varnum has given excellent leadership and we want to be able to continue to work with him next year."

The Governor, said Ruppe, expressed a keen desire for a Republican vote on Tuesday in support of Richard Nixon for President "in what is obviously going to be a very tight race in Michigan," so that Nixon can give the country the leadership that is so needed and the opportunities to heal the divisions that exist and create a crisis almost without parallel since Civil War days.

Candidates Introduced

Jack Tackman, treasurer of the Republican Delta County Committee, introduced Varnum and the Republican candidates for Delta County offices: Atty. John Beauchamp for prosecutor; Carlton R. Olsen for county clerk; Irene E. Olson for county treasurer.

Also introduced were Dean Shipman and Ernest Olivares, nominees for Delta County district judge on the non-partisan ballot.

Chit-chat at the rally after the program turned toward the legislative contests elsewhere is the Upper Peninsula as well as to the one in which former Rep. Einar Erlandsen (D-Escanaba) is trying to recapture the seat from which Varnum, a Manistique school teacher, ousted him two years ago.

Hellman Campaign

In the 110th District at the far western end of the U.P. Al Wright of Ironwood, the Republican nominee, is battling Russell (Rusty) Hellman (D-Dollar Bay) right down to the wire. Hellman, a veteran legislator, is being attacked on his record of absence. Wright has charged he was absent from the appropriations committee "over 20 per cent of the time" and missed 528 roll call votes in the past two years.

voters to correct the impression voters to correct theimpression that Michigan Tech doesn't grow unless Rusty brings the bricks from Lansing.

State Republican Chairman Elly Peterson had Hellman cited before the Fair Campaign Practices Committee for alleged use of recordings out of context to make them appear endorsements of his candidacy.

In the 109th District Payant is opposing incumbent Rep. Jack Gingrass, a Democrat.

Mrs. J. Fedoush Dies Monday In New York

Mrs. John Fedoush, the former Patricia Swift of Bark River, died late Monday evening in Poughkeepsie, N.Y. She was born July, 7, 1934 in Kenosha, Wis. and had resided in Bark River until moving to New York 12 years ago.

Surviving are her husband, John; two sons, John Jr. and Thomas, both at home; one brother, Thomas Swift of Bark River; her maternal grandmother, Mrs. Eli Bell of Kenosha and several aunts and uncles.

Graveside services will be conducted at 11 a.m. Friday at the Bark River Cemetery with the Rev. Thomas Dunleavy officiating. Funeral arrangements are in charge of the Boyle Funeral Chapel, Bark River.

Musicians Strike 3 Major Networks

NEW YORK (AP) — Musicians struck the three major television networks today in a dispute over wages and job security but the walkout was not expected to have any immediate effect on most musical and variety shows.

The American Federation of Musicians, AFL-CIO, said pickets were set today for 13 television studios in New York and Los Angeles, where most of the shows are prepared, and in Miami Beach where the Jackie Gleason show originates.

Involved in the strike are 800 musicians who work for the National Broadcasting Co., the Columbia Broadcasting System and the American Broadcasting Co. The walkout began officially at 12:01 a.m.

NBC said the Johnny Carson Tonight show would go on as planned today as would all other scheduled programming. John Gilroy, acting producer for the Tonight show said, "We'll do a show. We won't have any live music obviously."

Hospital

Tom Brawley, son of Mr. and Mrs. Bernard Brawley, 1020 5th Ave. S., who was injured Sunday night in a three-car collision near L'Anse while returning to Michigan Tech is hospitalized in the Baraga County Memorial Hospital at L'Anse. His room number is 131.

Mrs. Grace Griffin of the Bishop Noa Home is a patient at St. Francis Hospital. Her room is 102.

Endorses Both, Couldn't Decide

MEDFORD, Mass. (AP) — The Medford Daily Evening Mercury endorsed both Hubert H. Humphrey and Richard M. Nixon Tuesday after the paper's co-publishers couldn't resolve a difference of political opinion.

The endorsements came in separate editorials.

William R. Gilman, who also is president of the paper, said the Republican nominee, "has demonstrated his ability to attack problems, old and new, with positive thinking that can only help unravel the hopeless mess of an administration that legislates constantly and considers the consequences infrequently, if ever."

Editor David Brickman said voting for Humphrey is the "most effective way to assure, improve and advance peace, internal security and the prospects for a good life for all Americans."

Find Missing Body

CASEVILLE (AP) — The body of 47-year-old Clarence Archambault of Saginaw washed ashore Tuesday near Caseville in Huron County. Archambault was reported missing and presumed drowned last month in Saginaw Bay.

Briefly Told

Marie Brown of 1101 6th Ave. S., Escanaba, was ticketed by Gladstone city police Tuesday for going the wrong way on a divided highway.

State Police issued traffic summonses Tuesday to John Martinson, 1800 10th Ave. N., no operator's license; Nancy Bovin, 1414 Minnesota Ave., Gladstone, no operator's license; Bryan Eagle, Brampton, no registration.

Escanaba police have issued traffic court notices to Francis Hartwick, St. Ignace, Rodney R. Wells, 109 4th Ave., Gladstone; Iris E. Bonno, 17 N. 9th St., Gladstone, all for speeding; Glenn R. Caswell, 627 Stephenson Ave., and Robert G. Chase, Ford River, Rte. 1, both for improper lane usage.

Gladstone city police ticketed Gust Nelson of 521 Montana Ave. for failing to yield the right of way following a minor accident at the intersection of 8th St. and Michigan Ave. at 4:45 p.m. Tuesday. Nelson collided with a car driven by Carol M. Hickey of 425 Michigan Ave. Considerable damage was caused to the Hickey vehicle.

Two motorists were injured in the collision of their cars at 3rd Ave. S., and 12th St., at 11:50 a. m., Tuesday, city police reported. They are Clement J. DeCamp, 410 S. 11th St., and Daniel P. Korntved, 1328 Stephenson Ave., who received a traffic court summons for failing to yield the right of way. The injuries were not serious.

Gordon A. Tessman, 25, of 931 Stephenson Ave., was fined $20, assessed court costs of $7.30 and ordered to pay $5 liquidated damages for a duck today by Municipal Judge James Fitzharris. Tessman, who was arrested by Conservation officers Oct. 24 on a charge of taking migratory waterfowl after the established shooting hour, changed his plea to guilty in court today. He had pleaded innocent when arraigned Oct. 25

Safety First Is Best Halloween Trick, Says Chief

Treat yourself and your children to a safe Halloween, Escanaba Police Chief Richard Frederick suggested in advance of Thursday's observance of the holiday.

"For children this will mean that they should not run in the streets, but walk on the sidewalks; and for motorists it calls for extra caution in avoiding accidents in the evening hours when the children are trick or treating," said Frederick.

The excitement of the evening and the wearing of masks combine to make Halloween a time of special traffic hazard for youngsters, the police chief noted.

"Be extra careful on Halloween night," he asked drivers.

Conferences Set In U.P. To Aid County Officials

Two of a series of 11 conferences in Michigan for newly-elected members of county boards of supervisors have been scheduled in the Upper Peninsula.

The sponsoring Michigan Association of Supervisors announced that Upper Peninsula programs are planned at the Dickinson Hotel, Iron Mountain, on Nov. 11 and at the Falls Hotel, Newberry, on Nov. 12.

The association said that of candidates nominated for the new county boards in Michigan only 43.7 percent have had previous experience on county boards. Of the seven candidates in Delta County, three have had no county board experience.

All persons elected to the new boards — including those who have had experience—are invited to the conferences, the association said.

Registrations for the Iron Mountain conference should be sent to Frank Sleik, Dickinson County clerk at Iron Mountain. Registrations for the Newberry event should be mailed to the Falls Hotel.

Joel Carley, president of District 1 of the supervisors association, will preside over both conferences. D. Hale Brake, Stanton, director of the education division of the Michigan Association of Supervisors, will moderate both programs.

The agendas include discussions on county equalization, personnel management, budget making, records and finance, road problems, parks, health and welfare, ordinances and relation of the board to constitutional officers. Luncheon and dinner is planned during the all-day session.

Panel members at Iron Mountain will include Peter T. Ross, director of the Delta County Tax Dept., William E. Butler, clerk and register of deeds of Delta County, and Harold Gustafson, Ensign Township supervisor and past president of the State Association of Supervisors.

Ross and Gustafson also will appear on the panel at Newberry, along with Ferdinand Lesica, Schoolcraft County clerk. Robert Purnell, chairman of the State Tax Commission, is also scheduled for the Newberry meeting.

Candidates After Michigan's Votes

By The Associated Press

With the exception of Republican Vice presidential nominee Spiro T. Agnew, every presidential and vice presidential candidate is stumping Michigan this week in hopes of swinging the state's 21 electoral votes into his column.

Democratic presidential candidate Hubert H. Humphrey will campaign in Battle Creek and the Detroit area Thursday and Friday. While Humphrey is in Detroit, his running mate, Edmund S. Muskie, will stump in Grand Rapids.

Curtis E. LeMay, the third party vice presidential nominee, will speak at Tri-City Airport on Thursday.

Nixon concluded his Michigan campaign Tuesday with a swing through suburban Detroit. Wallace addressed a capacity crowd that same evening in Cobo Hall.

REQUIREMENTS

A trademark must be in actual use by the company in interstate or foreign commerce at the time application for registration with the U. S. Patent Office is made.

Veterans Day To Be Observed At Stephenson

Stephenson High School is planning a special Veterans Day program for Monday, Nov. 11, to begin at 10:45 a. m. VFW and Legion members from the Mid-County area and Vietnam veterans and any servicemen home on leave are invited to attend.

Principal Edmer J. Lacasse said that although tentative plans have been set up for the program there is a need to secure special speakers, preferably servicemen or former servicemen from the Mid-County area to participate. The Veterans Day program the past years have been very successful and are regarded as one of the better assembly programs of the school year.

2 State Soldiers Killed In Vietnam

WASHINGTON (AP) — Two Michigan soldiers are included in the latest Defense Department list of U. S. servicemen killed in recent Vietnam action. They are Pfc. John L. Crane, son of Mr. and Mrs. Olge T. Crane of Flint, and Pfc. Thomas F. Ray Jr., son of Mr. and Mrs. Thomas F. Ray Sr., of Big Rapids.

Obituary

Private funeral services for Jean Marie LeMire, infant daughter of Dr. and Mrs. John LeMire, were held at the Allo Funeral Home at 5 p.m. Tuesday. Jean Marie LeMire was born Monday at 4 p.m. and died at 12:05 a.m. Tuesday. The LeMires have one child, John and reside at 416 S. 6th St.

Verdict Expected In Accident Suit

A verdict in the auto negligence suit brought by William J. Cretens, 3206 Lake Shore Drive, against August G. Janke, Ford River Road, was expected today from a jury of seven men and five women in Circuit court.

Trial of the case began Monday before Judge Bernard H. Davidson.

Cretens is asking damages from Janke as a result of an accident April 16, 1967, in which a car driven by Janke struck and killed his son, Thomas. The plaintiff alleges negligence on Janke's part.

HHH Received Lots From 'Angel'

(Continued From Page One)

considerations," the deed bears no federal revenue stamps, which indicates no cash changed hands.

The courthouse records show that Humphrey as vice president three years ago put a $30,000 mortgage on the lots and the home he built at Waverly.

No comment was available today from Ewald, who is ill at his Minnesota home. He has suffered several strokes and has a serious heart ailment.

However, his brother, Dewey, said there was "no connection between this property and that lawsuit." He said Humphrey "never did have, never will have any connection," with the litigation.

Dewey heads the dairy.

He said he knew his brother, Ray, sold the property to Humphrey.

"I don't know what he paid for it," Dewey added. "It was none of my business and we never talked about it."

Mrs. Ray Ewald also denied that the land was given to Humphrey.

"It was paid for," she said. "It wasn't given to Hubert, "I know that."

Adventist Youth Collect For Needy Thursday

One half of the world's 3.5 billion people will go to bed hungry or underfed tonight. Tomorrow, about 10,000 people will die of starvation.

It is not that bad in Escanaba. Still, there are people who don't have enough food.

To help those in need here, the young people of the Escanaba Seventh-day Adventist Church will visit homes on Halloween to collect treats for others instead of themselves.

Uniformed Pathfinders, Adventist Church youth similar to Boy and Girl Scouts, will be knocking on doors to collect cans of food and pieces of clothing, according to Principal J. Roderick Wright of the Adventist Elementary School.

Later this year food baskets and clothing will be given out by the church during Thanksgiving and Christmas and any time an emergency strikes.

Last year 10,000 Pathfinders gathered over 200,000 cans of food and distributed nearly 6,000 food baskets to the needy in the United States and Canada. They also gathered on Halloween, 3,000 articles of clothing, which were given to the underprivileged.

On a world-wide basis, the Adventist Church last year distributed 9.6 million articles of clothing and gave away $4.5 million worth of food in helping 9.1 million persons.

Locally, such work is carried on by the Church's Dorcas Welfare Society. According to Mrs. Arthur Jackson, Dorcas Welfare leader, the clothing van from Lansing arrived here the first of the week and picked up hundreds of boxes of clothing that had been processed and packed in Upper Peninsula churches. This clothing was for shipment overseas to disaster areas. Other clothing is kept here for needy in this area.

Rapid River

Mrs. Raymond Pazik and her father-in-law, John Pazik, Detroit, spent two weeks with their trailer, at the Vic Pasi home. They left Sunday by plane for their home in Detroit.

Fishes have rings on scales that tell age, just like growth rings in trees.

Mrs. Donald Howes (Gordon Nelson Studio)

Sherry Anne Trotter, Donald C. Howes Wed

All Saints Church in Gladstone was the setting Saturday, Oct. 26 for the wedding of Sherry Anne Trotter and Donald C. Howes, both of Gladstone.

Msgr. Matt LaViolette heard the solemn exchange of vows during a double ring ceremony at 2 p.m. The bride is the daughter of Mr. and Mrs. Rudolph Trotter of 1020 Minnesota Ave. and parents of the bridegroom are Mr. and Mrs. William J. Howes of 1102 Dakota Ave.

Brocade Gown

The bride fashioned her floor length A-line gown of white brocade styled with long sleeves and a chapel length train. A queen's crown of pearls and crystals secured her triple tiered veil of silk illusion and she carried a crescent bouquet of white chrysanthemums and pompons.

Maid of honor for her sister was Kathryn Trotter and bridesmaids were Regina Trotter, sister of the bride, Mrs. David Trotter, sister-in-law of the bride and Judy Johnson.

They were attired in floor length gowns of lace over taffeta fashioned with attached chiffon coats with matching headpieces. The honor maid wore avocado green and the bridesmaids, peach. They carried cluster bouquets of chartreuse Fugi mums and moss green ribbons.

Flower Girl

Serving as flower girl was Nancy Trotter, the bride's sister and ringbearer was Steven Howes.

Bestman for his brother was Al Howes and groomsmen were William Howes, Frank Gereau and David Trotter. Performing ushering duties were Mark Trotter and Brent Geske.

The mother of the bride selected for the wedding a cranberry colored dress trimmed with black lace and matching jacket. Black accessories completed her attire. Mrs. Howes wore a sleeveless A-line plum colored velvet dress with black accessories and both mothers pinned white cymbidium orchid corsages.

Reception

The wedding reception was held at the Midway and assisting were Joyce Broman and Vera Isaacson. The newlyweds will reside at 208 Michigan Ave., Gladstone.

The bride is a 1963 graduate of Gladstone High School and Mr. Howes is a 1961 graduate of Rudyard High School. He graduated from Bay de Noc Community College and attended Northern Michigan University.

Maimonides was Moses ben Maimon, a Jewish philosopher of the Middle Ages whose writings have been an influential force in Jewish thought and ritual.

Sally Nedeau Bride Of David J. Henry

Sally Jean Nedeau of Rte. 3 Rapid River became the bride of David John Henry of Manistique during a double ring ceremony performed Saturday, Oct. 26 at St. Anne's Catholic Church of Isabella.

The Rev. Donald Hartman officiated at the nuptials at 4 p.m. The bride is the daughter of Mr. and Mrs. William Nedeau of Rte. 3, Isabella and the bridegroom is the son of Mrs. Tillie Henry of Manistique and the late Virgil Henry.

Honor attendants for the couple were Joan Nedeau of Isabella, cousin of the bride and Les Henry of Manistique, brother of the bridegroom.

Lace, Net

The bride chose for her wedding a floor length gown of lace over net fashioned with short sleeves. A bow headpiece with lace and crystal overlay held her shoulder length veil and she carried a bouquet of red roses.

The honor maid wore a floor length gown of yellow nylon net over satin with a matching headpiece. She carried a bouquet of yellow mums.

Mrs. Nedeau wore for her daughter's wedding a navy blue suit with black accessories and Mrs. Henry slected a pink lace dress also with black accessories. Both mothers were presented corsages of red roses.

Reception

The reception was held from 5 to 8 p.m. at the Isabella Community Hall with a dance following.

After a honeymoon tour of the U.P., the couple will reside in Escanaba. The bride attended Garden High School and Mr. Henry is a graduate of Manistique High School.

Armed Forces Day Program At Bark River

A program for school assembly will be conducted on Armed Forces Day, Nov. 11, at the Bark River-Harris Elementary School gym under the auspices of the Rheaume-Knauf American Legion and Auxiliary Post 438. All Legion and Auxiliary members are requested to assemble at the school at 10:30 a.m. for presentation of the program at 11 a.m.

The program will be as follows: Presentation of Colors; National Anthem by the Bark River-Harris School Band and Assembly; Pledge of Allegiance to the Flag led by the Auxiliary; Invocation, the Rev. Charles Beckinghan; musical selection; Reading by member of the Legion Auxiliary; "The American's creed".

Presentation of Flag by C. W. Pearson; Address by Attorney John Beauchamp; Presentation of Freedom Books to Superintendent Gerald Ritenburgh; musical selection; Benediction, Rev. Thomas P. Dunleavy; Retirement of Colors accompanied by band; Taps; Dismissal.

New Girl Scout Troop Formed At St. Patrick's

A new Girl Scout troop has been formed at St. Patrick's School and will meet Tuesdays from 3:15 to 4:45 p.m. at the school. Leaders are Mrs. George Rodmonich and Mrs. Robert Cooks and committee women, Mrs. Leon Duquette and Mrs. Rodger Murray.

Patrol leaders are Lynn Lessard and Laura Cook, patrol one; Kathi Backlund and Lisa Ojanen, two; Jayne Heirman and Carol Casey, three; Gina Savard and Tammy Belenger, four.

'Wool' Contest Is Set Nov. 23 In Marquette

Date of the annual Make-It-Yourself-with-Wool sewing contest has been changed from Nov. 9 to Nov. 23 so there is still time for girls between the ages of 10 and 21 to enter the contest. Garments must be made of 100 per cent wool manufactured in the United States, and each girl must model her own garment. The Upper Michigan competition will be held at Northern Michigan University, Marquette, from 9 a.m. to 2:30 p.m. on Saturday, Nov. 23. Two girls who take part in the contest at Marquette will be selected to compete in state finals at Michigan State University on Dec. 7.

Entry blanks may be obtained by writing to Mrs. Edmund Sager, Rte. 1, Stephenson, director of the contest in Upper Michigan.

Women's Activities

THE LONG AND SHORT OF IT belongs in your wig boutique because one hair style is not enough for today's fashionable beauty. There's nothing like using two or more hairpieces for a quick switch in coiffure and now a girl can change her hairdo with her mood. The layered look can start the day with the razor boy cut (a wig) . . . (right) and end it in an aura of pure romance by adding a fall and perky ribbon. Hairpieces need grooming to keep their fresh, natural look and one company has a trio of aids to do it at home. There's a spray-on cleaner that only needs brushing to restore loveliness. The sheen, when sprayed on adds lustre that makes it gleam and the clear, nonflake spray puts the finishing touch to your hairdo.

Hints from Heloise

Dear Heloise:

When making drop cookies, if the batter is fairly stiff, use a table knife instead of a teaspoon for dropping the cookies onto the sheet.

Mrs. A. Spencer

★ ★ ★

Dear Heloise:

I read with great interest your tip on soaking all the removable parts of your oven in the sink or bathtub. My sink was too small and the thought of cleaning the tub afterwards made me shudder, so . . .

I brought my husband's wheelbarrow around to the back door, filled it with hot suds and soaked the racks, broiler pan, griddle, etc. This took two soakings, as I couldn't get everything in at once.

After several hours, I went out with a soap-filled pad and scrubbed everything down, used the garden hose to rinse and left everything to dry on newspapers outside.

In short order, my oven was back together, there was no mopping of floors to contend with and my husband had the cleanest wheelbarrow in town!

Mrs. T.

★ ★ ★

Dear Heloise:

My young son loves looking at the animal pictures on his cereal boxes.

As I have been searching for wall plaques for his room, I cut out the back of the box as a background and covered it with colored paper, then I taped the animal picture to it and hung it on his wall.

He loves looking at each and every one of them and they do add to the room.

Mrs. S. E. A.

★ ★ ★

Letters Of Laughter

Dear Heloise:

Have always loved to knit and crochet. Frequently no one is around to help me roll a hank of wool into a ball.

Being "one-track minded" this is disturbing, as I want to continue my project. Now I've found the answer . . .

I sit on the floor and put the hank of wool yarn from foot to foot and merrily roll my yarn. (This is also pretty good for the waistline.)

Today I had to braid some twine. Again nobody around. So I tied the twine around my big toe and braided away.

I find my feet are very useful—not to be taken for granted by simply walking.

Betsy

★ ★ ★

Dear Heloise:

I converted a portable TV-record player stand with wheels (bought at a sale) into a laundry cart.

I removed the top middle rod and inserted between the frame a long, but narrow, plastic basket that can be purchased at almost any food or drug store.

This cart has saved me from lifting heavy loads of wet clothes and keeps my ironing from drying out so quickly after sprinkling. And it's so simpelj ot hroducedo ple to roll wherever I want it—even through sand.

Mrs. A. L. Reynolds

Farm Bureau Begins Annual Membership Drive

Membership committee of the Delta County Farm Bureau met Monday evening at the Sidney Lucas home in Garden to make plans for the annual membership drive.

Attending were Mrs. Lowell Stefl, membership chairman; Mrs. Albert Whybrew, Kenneth Sahn, Clayton Ford and Vincent Rappette. Drive captains not present are Gus McFadden, Carlton VanDrese, Albert Lippens and James VanDeCaveye.

The next meeting will be held Nov. 13 at the Clayton Ford home in Cornell.

Turkey Prices Up This Year

Wholesale turkey prices are up this fall, but consumers can still expect to find a good buy on a Thanksgiving bird this year.

While wholesale prices for a family-size hen turkey (10 to 14 pounds) will probably run three to four cents more per pound than in 1967, store prices will not necessarily follow wholesale prices, reports a Michigan State University agricutural economist.

Dr. Henry Larzelere, who is also a member of thePoultry Survey Committee, explains that stores usually offer turkeys as promotional or sale items just prior to Thanksgiving to build holiday trade for the store's oevrall business.

Larzelere also points out that there is no real turkey shortage.

Day Of Prayer Planned Friday

World Community Day of Prayer will be observed in Escanaba Friday, Nov. 1 at the Bethany Lutheran Church beginning at 2 p.m. All area church women are invited to attend.

MR. AND MRS. Floyd J. Roberts of Rapid River announce the engagement of their daughter, Linda Marie, to Lorne J. Davey, son of Mr. and Mrs. Francis Davey of Boston, Mass. The bride-elect is a 1967 graduate of Mather High School in Munising and is employed as a secretary at the Joseph Schlitz Co. of Milwaukee. Her fiance is presently serving with the U.S. Navy, stationed at Great Lakes, Ill. No date has been set for the wedding.

Family Supper Planned Sunday At Calvary

All members of Calvary Lutheran Church, Rapid River, are invited to attend the third in a series of fellowship suppers on Sunday, Nov. 3 at 6 o'clock. The Alton Unit of the LCW will serve the meal.

Following the supper the congregation will view a slide presentation entitled, "All One Body," which includes over 25 slides and tells of the work of the church, synod and congregation. There will also be an opportunity to discuss Calvary's program for 1969. Commitments to this program will be received on Sunday, Nov. 10.

During the program-discussion, small children will be shown two films at the Congregational Fellowship Hall.

Confirmation At Perronville Set This Sunday

The Most Rev. Charles A. Salatka, Bishop of Marquette, will confer the Sacrament of Confirmation on a class of 62 students and 10 adults from the parishes of St. Michael's, Perronville, St. Joseph, Foster City, and St. Joseph of Northland, at 7:30 on Friday, Nov. 1, at St. Michael's Parish in Perronville.

Dinner for the Bishop and visiting clergy will be served prior to the evening services by the ladies of St. Michael's Parish, under the direction of Chairman Mary Wanic.

A public reception for the Bishop will be held in the church basement following the confirmation ceremony. Arrangements for the reception are in charge of the ladies from the Foster City and Northland parishes with Mrs. James Cousineau, chairman.

Birthday Party

Sylvia Ann Lancour was honored with a party on the occasion of her fifth birthday Saturday, Oct. 26 at the home of her parents, Mr. and Mrs. Gerald Lancour of 1412 2nd Ave. S.

A pink and white theme was carried out and games were played followed by a party lunch.

Attending were Susan Blake, Sherry Jensen, Tina LaCosse, Peggy and Lisa LoLonde, Amy Hay, Connie and Debbie Swanson.

'Dialogue '68'

EAST LANSING (AP) — The Detroit newspaper strike, organ transplants, law and order and the next U.S. president will be among topics discussed by Michigan State University students and faculty during a four-day "Dialogue '68" conference.

The World Health Organization regards kwashiorkor as the wold's most widespread dietary disease. Children who do not get enough protein develop this body-stunting disease.

FOUR-YEAR-OLD Jackie's daddy isn't Peter Pumpkin Eater, he's Allen L. Adair of Jackson. But he does have a mania for growing big pumpkins. The monster, weighing in at 109 pounds and measuring 72 inches around, is a special hybrid strain, whose seeds already have been put away for bigger and better things next year. Others in Adair's Halloween patch range between 90 and 100 pounds. (AP Wirephoto)

we care

a lot of your neighbors have stopped baking pies!

Maybe it's because they discovered Jane Parker Pies... thousands have.

But...you say, "No thanks, there is nothing like a good home-baked pie." We agree...they're great."

But would you believe it if we told you our Jane Parker Pies taste home-baked? Probably not...until you've tried one.

Then you'd discover the crust is short and flaky like your own.

You'd discover the fruit is the kind you'd use... the best...juicy, not stiff with starch.

And if you popped a Jane Parker Pie into the oven and warmed it before serving, you'd discover a pie you'd be proud to call your own.

Are Jane Parker Pies a good reason for shopping A&P? They're one of many.

If unable to purchase an advertised item—request a raincheck. Prices effective through Saturday, November 2nd, 1968.

Weather Bureau To Reorganize

DETROIT (AP) — The U.S. Weather Bureau in Detroit has been reorganized to provide all of the state's forecasts, as of Nov. 1. The Chicago weather bureau now handles the preparation and writing of the state's general forecasts, with Michigan zone forecasts being written from several weather bureaus around the state.

A spokesman says that, under the reorganization, the Detroit weather bureau will prepare and write the general forecasts and the zones, with the exception of some Upper Peninsula forecasts, which will be done at U.P. locations.

As part of the reorganization, two forecasters and the station secretary were transferred to Detroit from the Grand Rapids weather bureau, leaving two full-time meteorologists in Grand Rapids. The reorganization also allows the Detroit office to have two forecasters on duty at all times, instead of one.

Approve Iron Co. Hospital Bonds

LANSING (AP) — The State Municipal Finance Commission Tuesday approved issuance of a $2.2 million bond issue by Oakland County, to finance the cost of acquiring the Walled Lake water supply system.

Romeo community schools, Macomb and Oakland counties, were given permission to issue $2.3 million in school bonds for new construction.

Iron County won approval of a $1.6 million general obligation bond issue to finance construction and equipment of a county hospital.

REAL ACTION

It took REAL ACTION in the early 1950's to get the Mackinac Bridge built. ERLANDSEN was in the minority at the time . . . and with strong opposition from the Republicans in the legislature he worked for and succeeded in the legislation needed to get the job done. ERLANDSEN HAS PROVEN HIMSELF when the odds have been against him!

FOB Detroit

By Jerry Green

DETROIT — For his $6 or whatever the sports customer receives a license to:

1. Boo when he believes the coach was mistaken in preferring to go into first place via tying rather than winning the game.

2. Throw snowballs, or snow covered rocks, at the coach when he believes the gentleman should be fired.

3. Make a nuisance out of himself by heaving lighted firecrackers and garbage at the professional athletes.

4. Litter in the immediate area of his seat, but not more than two sections away.

5. Join an impromptu singalong with the purpose of bidding farewell to the incumbent coach.

6. Yell obscenities without apologizing to the wife of the distinguished gentleman two rows down.

7. Watch the coach make an obscene gesture personally meant for him.

8. Phone the local paper the next day to complain about the coach.

★ ★ ★

Fans are beautiful, and they are necessary — despite what Joe Schmidt thinks. What he hates are fans who boo his team when it settles for a tie when they think for their $6 they should see it try to win. Part of that $6 is diverted into his paycheck.

Joe Schmidt was correct when the Lions' fans booed him for accepting the tie with Green Bay. His strategy was not to endanger the Lions' movement into first place. It was logical.

It was also the fans' privilege, purchased for $6, to boo if they didn't like it.

Schmidt personally could not care less about the fans and has said so. His reaction to their booing was intolerable. An obscene gesture from a coach of a professional football team should be answered by a fine.

"This is the age of self-expression," Schmidt said and that well may be. The man does have a sense of humor along with a temper.

At the same time the behavior of Detroit's paying sports customers is terrible. Or to steal from immortal words spoken, as a second thought, by Denny McLain, "some of the fans."

★ ★ ★

Ken Harrelson of the Red Sox was hit with a firecracker launched from the right field stands. It exploded an instant after he jumped. Roger Maris was hit with a chair back several years ago.

Al Kaline and Bobby Layne were booed in years they led their teams to world championships.

Visiting players have had to fight their passage through angry crowds at Detroit's Olympia Stadium.

But there are fans who are jerks everywhere.

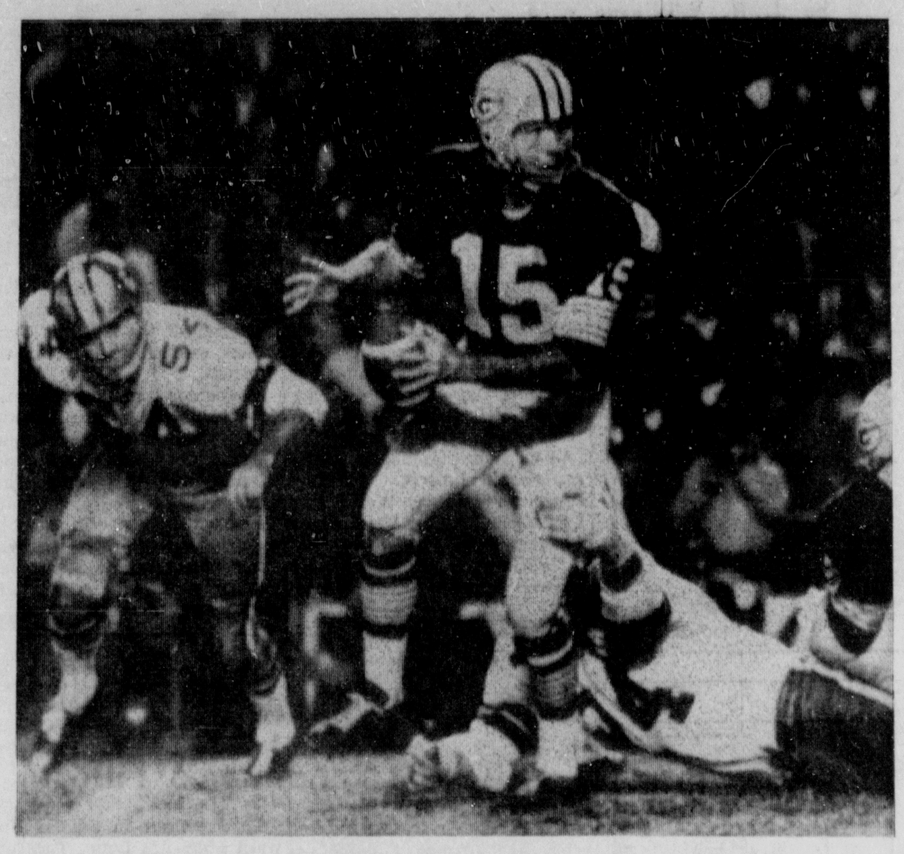

Philadelphia is notorious for booers, worse, much worse, than Detroit. Joe Kuharich, the Eagles' coach, gets it every Sunday — before the game. But then last December Santa Claus arrived during halftime and he was booed, too.

In San Francisco, John Brodie used to brave a garbage bombardment every Sunday. They finally enclosed the passageway to the field to protect the paid athletes.

In Buffalo, Booth Lusteg was beaten up on a street outside the stadium after missing a 12-yard field goal for the Bills.

And Baltimore is a lovely city, full of dirty old buildings and rather short-memoried football fans. This year they booed Johnny Unitas when he played with a passing arm ravaged weeks before by a tackler. The next day some of those not satisfied with booing hanged an effigy of Unitas downtown. "The bum is dead," read the placard on the dummy's chest.

You can do almost anything for your six bucks.

BART STARR (15) quarterback for the Green Bay Packers, tries to shake loose from the Dallas "Doomsday Defense" and the arms of Cowboy tackle Bob Lilly (74) during first quarter action of Monday night's game in Dallas. Charging at left is Cowboy linebacker Chuck Howley (54). Green Bay defeated Dallas, 28-17. (AP Wirephoto)

Second Half Splurge Stops Celtics' Rally

By The Associated Press

The Boston Celtics put on one of their patented rallies and impressed the Chicago Bulls—but they didn't beat them.

Boston, trailing 60-40 at halftime, exploded to outscore Chicago 36-11 in the third period. But the Bulls fought back and won 103-97 in the second half of a National Basketball Association doubleheader Tuesday night in New York.

The New York Knickerbockers beat San Francisco 110-97 in the second game of the doubleheader. Baltimore trounced Milwaukee 129-112 and Los Angeles edged Atlanta 125-124 in the only other NBA games.

In the American Basketball Association, the New York Nets walloped Denver 108-89, Minnesota topped Miami 116-108 and New Orleans downed Oakland 124-119.

Clem Haskins and Tom Boerwinkle, 7-foot rookie center from Tennessee, led Chicago back from apparent defeat.

Haskins scored four straight points to put the Bulls ahead 93-92. Then after Boston tied it, Chicago went ahead for good, 97-93, on two foul shots by Jerry Sloan and a follow-up by Boerwinkle, who grabbed some key rebounds and made a crucial interception in the final minutes.

Flynn Robinson was high for Chicago with 22 points, and Sloan got 20. Boerwinkle added 19 and snared 19 rebounds. Bill Russell led Boston with 17 points and 24 rebounds.

A balanced attack, led by Cazzie Russell and Dick Barnett, and a tough defense paced New York over San Francisco. The Knicks scored the first five points and never trailed.

Russell finished with 24 points and Barnett with 20. Rudy LaRusso scored 23 and Nate Thurmond 21 for San Francisco.

Kevin Loughery collected 29 points, Earl Monroe 25 and Ray Scott 22 for Baltimore as the Bullets breezed past Milwaukee. Fred Hetzel and Jon McGlocklin each hit 21 for Milwaukee.

Elgin Baylor's jump shot in the last second gave Los Angeles its uphill squeaker over Atlanta. The Lakers led only briefly in the opening moments of the game, and trailed by 17 points in the first half.

Baylor topped Los Angeles with 28 points but it was rookie Bill Hewitt's five baskets in the final four minutes that kept the Lakers in contention.

Zelmo Beaty was high for the Hawks with 31 points while Walt Hazzard hit on nine of 14 shots and tallied 23 points.

Three Teams Sidelined For Rules Infractions

ST. LOUIS (AP) — St. Bonaventure ranked third in the 1968 Associated Press basketball poll, LaSalle and Florida State have been placed on probation by the National Collegiate Athletic Association's policy council for rules infractions.

The probation bars them from postseason games—LaSalle for two years, Florida State and St. Bonaventure for one year.

The disciplinary action was announced Tuesday by Arthur J. Bergstrom, assistant executive director of the NCAA Council shortly after the council opened a three-day meeting.

St. Bonaventure ran up a 23-game winning streak until beaten by North Carolina in the NCAA Eastern regional semifinals at Raleigh last spring.

LaSalle reached the NCAA championships at College Park, Md., before bowing to Columbia.

There was no immediate comment from coaches or officials of the schools invited.

However, Jim Harding, who was coach at LaSalle when some of the infractions occurred, admitted violation of rules in regard to scholarships. Harding now is with the Minnesota Pipers of the American Basketball Association.

Bergstrom said the LaSalle coaching staff was guilty of terminating an athletic scholarship for poor performance and threatening to repeat the action in other cases.

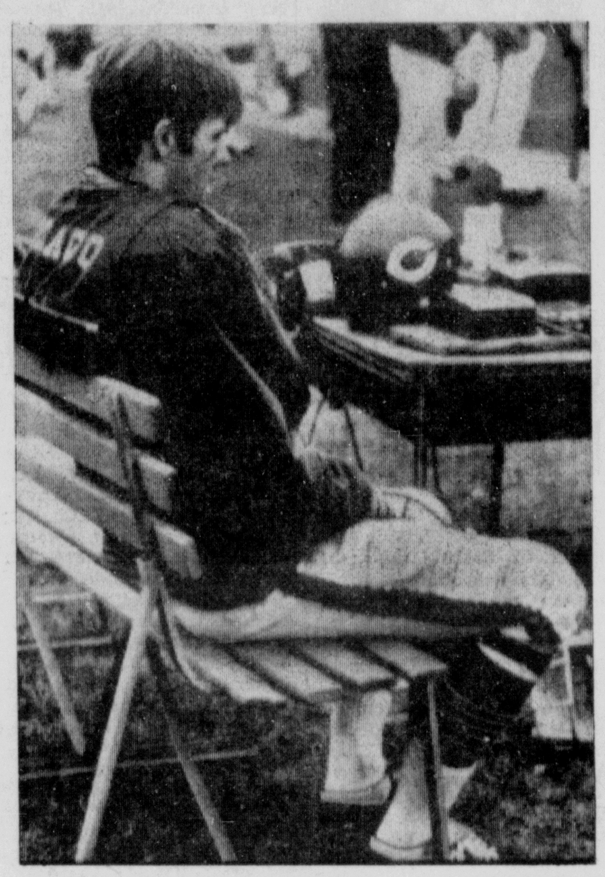

St. Bonaventure was penalized for giving a basketball prospect an expense-paid tour to the NCAA regional tourney at Raleigh, N.C., Bergstrom said. The school also housed and fed several of the prospect's friends during the tourney.

Florida State, highly ranked in the Southeast, was found guilty of organizing and conducting early practice sessions last spring for the benefit of prospective team members.

The school's coaches also conducted out of season practices which players, according to Bergstrom, considered mandatory. The coaches further broke NCAA rules by bringing two prospects to Panama City, Fla., on a sight-seeing tour at no cost to the athletes.

Work-Bee

All members of the Escanaba Softball Association are requested to be at Memorial Field Saturday at 1 p.m. to help with the leveling of the topsoil on the field and to pick up the big stones before the infield is rolled. This is a must before freezing sets in.

VIRGIL CARTER, neophyte quarterback of the Chicago Bears, has play reminders listed in two columns on right pantleg — mostly for situations, since he has mastered about 40 plays. Carter, resting on sidelines until the defense gets the ball back, inherited the quarterback job when more experienced teammates were injured. (AP Wirephoto)

Waivers Asked On Vet Cogdill

DETROIT (AP) — The Detroit Lions Tuesday announced they are asking waivers on veteran end Gail Cogdill to make way for the possible activation of the oft injured running back Nick Eddy, a former Notre Dame All American.

The Lions said Eddy, the club's top draft choice in 1967 while he was still a junior in college, may play against the Los Angeles Rams Sunday. The final decision will be made Thursday.

Cogdill, 31, and a veteran of nine NFL seasons, has caught 325 passes in his career for 5,220 yards and 28 touchdowns.

"I talked with Gail Tuesday afternoon and told him of our decision," said Coach Joe Schmidt. "It was not an easy decision to pick Gail as the player to be affected but with six other receivers we are stronger at his position than at any other spot on the club.

League rules require that any club not exceed a maximum of 40 active players.

Eddy has been plagued by knee trouble ever since he joined the Lions and has not played in a regular season game.

Upset Minded Spartans Face Hoping Buckeyes

EAST LANSING (AP)—Upset-minded Michigan State will face an Ohio State team already dreaming of the Rose Bowl on unfriendly ground at Columbus, Ohio, Saturday.

Ohio State crowds are traditionally noisy partisans. The game already is a sellout in the 81,455-capacity stadium, second largest only to Michigan in the Big Ten.

After beating Notre Dame 21-17, the young MSU team now knows almost anything is possible.

The Spartans will be trying for the role of a spoiler against the unbeaten Buckeyes, currently rated No. 2 in the nation.

Defeating Ohio State also could give a huge lift to Michigan's hopes for a Pasadena trip.

The Wolverines also are unbeaten in Big Ten play although they lost their opening game to the University of California.

Michigan and Ohio State are figured as the best bets to win the Big Ten. MSU, with two losses, can be counted out of the Rose Bowl running. But the Spartans could lift themselves up in the standings while at the same time helping out a neighbor by knocking off the Buckeyes. Ohio State showed it could be vulnerable. Last week, the Buckeyes led Illinois 24-0 at the half, then had to struggle to fight off a great Illini comeback and win 31-24.

MSU has a 5-3 edge in the series with Ohio State. The then Michigan Aggies started off by beating Ohio State 35-20 in 1912.

Last year, the Bucks coasted over a weak MSU team 21-7.

Spartan sophomore quarterback Bill Triplett will be the probable starter against Rex Kern of Ohio State, also a sophomore.

Tailback Tommy Love, leading ground gainer for State with 548 yards rushing so far, was hospitalized earlier this week with tonsilitis and a fever. He is expected to recover in time to run at Columbus.

Defensive halfback Frank Waters sprained a knee against Notre Dame but also probably will be a member of the MSU traveling team.

Oakland Handed First ABA Loss

By The Associated Press

All of a sudden, the runaway has turned into a race in the American Basketball Association's Western Division title chase.

New Orleans added a little suspense to the championship race by handing Oakland its first loss in four games Tuesday night, 124-119, despite a 39-point showing by the Oaks' fabulous Rick Barry.

The victory, avenging New Orleans' only loss in three games, put the Bucks only a half game behind Oakland.

The Oaks took an early first-period lead and never were headed although they managed to tie the Bucks 66-all in the third quarter. New Orleans moved ahead 97-87 before Oakland cut the deficit to 119-117. But the Bucks pulled away once again.

James Jones paced New Orleans with 26 points.

Meanwhile, Minnesota got a 34-point showing from Connie Hawkins and kept its record perfect with a 116-108 conquest of Miami and New York rallied in the last half to whip Denver 108-89 in other league activity.

Over in the rival NBA, Los Angeles nipped Atlanta 125-124, Chicago whipped Boston 103-97, New York turned back San Francisco 110-97 and Baltimore topped Milwaukee 129-112.

Minnesota, 2-0 and leading the Eastern Division, had to stage a last half rally to hand Miami its third straight setback. The Floridians grabbed a 79-78 lead with 2:40 left in the third quarter before Minnesota outscored them 11-2 for an 89-81 lead it never relinquished.

Chico Vaughn scored 23 points for the Pipers. Willie Murrell led Miami with 24.

New York rode some hot third-quarter shooting by Stu Johnson to its victory over Denver. The Nets trailed 50-48 at halftime, but Johnson fired in 12 of his 15 points during the third quarter when New York outscored Denver 33-24 to take an 81-74 command.

Willie Worsley led New York's scoring with 23 points, while Bob Verga had 24 for the Rockets.

Hayes, Unseld Bid For Honors

NEW YORK (AP) — Elvin Hayes of San Diego and Westley Unseld of Baltimore are off and running in their expected battle for Rookie of the Year in the National Basketball Association.

Statistics released Tuesday showed that the 6-foot-9 Hayes, college basketball's Player of the Year at Houston last season, has the sixth best points per game average—25.8—while the 6-8 Unseld, from Louisville, is fifth in rebounding with 17.3 a game.

Dave Bing of Detroit, last season's scoring champion, has the best average—31.8. But Baltimore's Earl Monroe last season's rookie of the year, is the total point leader with 228 in eight games.

On a per game basis, the top rebounder is Bill Russell, Boston's playing coach, who has picked off 106 in four games—a 26.5 average.

Wilt Chamberlain of Los Angeles is the top floor shooter with 60 of 88 for a .682 mark. Boston's Larry Siegfried has converted 21 of 24 free throws for .875 while Lennie Wilkens, traded from Atlanta to Seattle just before the season, is the top playmaker with 65 assists in seven games.

Falcon Coach Cleans House

ATLANTA, Ga. (AP) —Five veterans and a rookie have been placed on waivers by Atlanta Falcons' Coach Norm Van Brocklin in his first major shakeup since taking over as coach of the National Football league team four weeks ago.

Released were defensive cornerback Lee Calland, corner linebacker Marion Rushing, defensive safety Phil Spiller, center Joe Cerne, defensive tackle Jim Norton and fullback Brendan McCarthy.

Rumors flew before Falcons' General Manager Frank Wall confirmed that the six had been released and declined further comment.

Van Brocklin could not be reached for comment.

Calland, 24, had been a regular with the Falcons since he was picked up from Minnesota in the 1966 NFL expansion draft.

Rushing, another regular chosen in the same draft, came from the St. Louis Cardinals.

Another Cardinal contribution, Spiller, was picked up this year on waivers, and Cerne was picked up on waivers from San Francisco.

Norton came to the Falcons last year in a trade with the San Francisco 49ers.

McCarthy, a promising rookie, was picked up on waivers this year from Green Bay after an outstanding career at Boston college.

Singing Lolich Opens Tonight

LAS VEGAS, Nev. (AP) — Mickey Lolich, who won three World Series games for Detroit, opens with his singing group tonight at the Frontier Hotel.

Lolich just ended an engagement with the Four Scores at the Rooster Tail in Detroit.

Denny McLain, who won 31 games for the Tigers this year, left for appearances in Detroit Sunday after closing out his show at the Riviera Hotel, also on the Las Vegas Strip.

Wildcats Lose Rose For Season

MARQUETTE (AP) — Split end Ted Rose suffered a broken thumb in practice Tuesday and will be lost to the Northern Michigan football team for the remainder of the season.

The 6-foot-6 Rose also has been a basketball star for the Wildcats. Coaches said it was questionable whether he would be able to start as forward when the cagers open their season Nov. 30 at Centenary in Louisiana.

Rose was NMU's most valuable player on the basketball team last season and was selected for honorable mention on the Associated Press Little All-America team.

This was his first year on the football team. The 220-pound Rose caught seven passes for 165 yards and two touchdowns in the seven Wildcats games. The football team has two games remaining, at Tampa, Fla., next Saturday and at Southern Illinois the following week.

McLain Claims Threats Made

DENVER, Colo. (AP)—Dennis McLain, star pitcher for the champion Detroit Tigers, said Tuesday numerous threats have been made on his life and on those of his wife and children.

He also said a bomb was placed in his wife's automobile last May. The explosive was found while Mrs. McLain was driving on a freeway, but was dismantled and disposed of before it could explode.

McLain, who won 31 games for the Tigers the last season, talked of the threats at a news conference. The pitcher came to Denver to appear before a zoning board hearing involving a Little League ball park. He urged that the park be retained.

McLain said he was returning from a television appearance when an airline official told him that a telephoned threat against one of his children had been made.

"Anybody who will make threats against a child is a dirty no-good whatever you want to call him," the pitcher said.

McLain said some of the threatening telephone calls probably could be attributed to derogatory remarks he made about Detroit fans.

Phillies Trim Winter Roster

PHILADELPHIA (AP) — The Philadelphia Phillies have released veteran relief pitcher Dick Hall and assigned outfielder Doug Clemens and first baseman Ron Allen outright to Eugene, Ore. in the Pacific Coast League and filled out their winter roster by bringing up 11 minor league players, General Manager John Quinn announced today.

WRONG GAME

LOUISVILLE (AP)—George Mikan, commissioner of the American Basketball Association, recalls the time he was addressing a Boy Scout rally and answering questions afterwards.

"How many points did you score in your pro career?" one kid asked.

"I suppose about 20,000," replied Mikan.

"Gee," the kid gasped. "Didn't you ever pass the ball?"

STRESSING A POINT — Jerry Kramer (64, and inset), Green Bay guard, bangs a block into a Detroit Lion defensive lineman on a Packer scoring sweep. Besides his football prowess, Kramer is a new author. His recently published book, "Instant Replay," details the 1967 championship season in diary form.

Veterans Day Observance Set

David A. Rood, editor of the Manistique Pioneer-Tribune, will be the speaker at this year's Veterans Day Dinner. The event will be held at the VFW Hall on Monday, Nov. 11 with a cocktail hour from six o'clock until seven and the banquet following.

The annual observance of Veterans Day is sponsored by the All-Vets Committee, a representative committee of the four veterans organizations: The American Legion, Disabled American Veterans, World War I Barracks and the Veterans of Foreign Wars.

"While we honor all veterans on this day we would pay special recognition to the veterans of World War I since this year marks the 50th year of the World War I Armistice — the forerunner of the present Veterans Day," Archie Carpenter, chairman of the All-Vets Committee said in announcing the banquet.

Carpenter announced committees for event which includes Bill Hentschell, program; George Carney, tickets; Jules Rivard, banquet; and Paul Dragos, pre-banquet events. The event is open to the public and tickets may be secured from any committee member. Our Lady of Fatima Circle will prepare and serve the food.

ARMY PFC Daniel Chartier, 21, was wounded in Vietnam on Oct. 24, according to official word received by his parents, Mr. and Mrs. Leo Chartier, 208 Chippewa Ave.

Capt. Modders In Apollo Airlift

Capt. Nicholas Modders of Manistique was co-pilot of the USAF C-133 plane which airlifted the Apollo 7 Command Space Capsule from Norfolk, Va. to Long Beach, Calif., last Saturday following the successful space mission of the American astronauts on Friday.

Capt. Modders, the son of Mr. and Mrs. Nick Modders, Indian Lake, is with the 84th Military Air Transport Wing at Travis AFB, Calif., and made the 5,700 mile round-trip flight to Norfolk with a five-man crew.

Airlifting the 16,500-pound capsule, including dolly, across the continent was described as "merely routine" by the crew of the C-133.

Capt. Modders has been in the USAF since his graduation in 1962 from Michigan Technological University. He has been stationed at Travis AFB for the past two years and previously served at Dover, Del. and in Newfoundland.

Women's Clubs Back Proposals

The Upper Peninsula District 5 convention of Women's Clubs voted to unanimously support the Clean Water and Quality Recreation proposals on the Nov. 5 ballot.

Today, Mrs. Merle Wehner, local Women's Club president, and Mrs. Alan Brown, U.P. District president, reaffirmed the endorsement of the U.P. Association.

"We are urging all concerned citizens to go to the polls and vote "yes" on both proposals (No. 3 and 4) on Nov. 5." Mrs. Wehner said.

"The Clean Water Program is aimed at control of water pollution throughout Michigan by 1980. The Recreation Program is a 10-year program of development and construction.

Needs Increasing

"Recreation needs are increasing faster than facilities. We don't have enough parks, playgrounds, campgrounds, fish hatcheries, game areas or places where people can walk among trees and beside clean water.

"There is nothing political or partisan about these issues," she continued, "since both political parties support them. After all you don't put 'For Republicans Only' or 'For Democrats Only' signs up along the beaches of Lake Michigan or at the entrance of a State Park.

"Pollution is a word that means many things to many people. When some people think of water pollution they think of the Chicago River or the Fox River in Wisconsin. Others think of anything not in its purest, most natural state.

"Webster defines pollution as 'to make physically impure or unclean'. Even that leaves of room for interpretation.

Time Running Out

"Regardless of how ir duals consider water poll the fact remains that it is dent all around us. Gra our water supply is not pol beyond usage yet; nor beaches apt to be closed summer but the point is the time is not too far when our water supply be polluted and our be could be closed.

"No one wants to see most valuable natural res ruined. Especially when Michigan depend on natura sources for so many th Pollution control is good b is also expensive.

"History can be made on 5 and, according to pr evaluations, it won't cost increase in taxes."

House Is GOP's Until Election

LANSING (AP) — Control of Michigan's 110-member House of Representatives is up for grabs in the Nov. 5 election, and the presidential race at the top of the ballot probably will have a strong influence on the outcome.

When the 1967 - 68 Legislature was elected two years ago, Republicans and Democrats fought to a tie in the House, winning 55 seats each. Three deaths and one resignation since then kept the GOP in control of the chamber, usually by a one-vote margin.

The House is now adjourned, but if Gov. George Romney called it back into special session this year, Republicans would have a 55 - 54 edge with one seat vacant.

In 1964, the last presidential election year, Democrats won a thumping 73 House seats — just one short of a two-thirds majority. They lost 18 of them in the off-year 1966 election, and hope this time to win some of those 18 back.

Naturally the Republicans—who control the governor's office and have a slim majority in the Senate, would like to keep the House and to increase their slim margin of control.

Senators, with their new four-year terms, are not up for re-election this year.

Analysts trying to predict in advance which party will win control of the House assume the "coattails" effect of the presidential contest will make the difference in the vital "swing" districts where the two parties are fairly evenly matched.

If Republican Richard Nixon makes a strong showing in Michigan, they say, it could save the House for the GOP. If he runs well ahead of Democrat Hubert Humphrey, they add, Republicans could increase their House strength.

An unknown factor—but probably a vital one in some districts—is the vote for third-party candidate George Wallace. Republicans believe, and some Democrats agree, that most of the Wallace vote will come from people who ordinarily vote Democratic.

Guessing about the House contests, therefore, involves guessing at how many votes Wallace will get in Michigan and — just as important—how many Wallace voters will "come back" and vote for major party candidates for lesser offices.

In short, if many ordinarily Democratic voters cast ballots only for Wallace and fail to vote for Democrats at the state and local levels, it could spell defeat for Democrats in several marginal districts.

Manistique News

Edison Sault Strike Settled

Edison-Sault Electric Co. employes ended their six-day strike Tuesday night when a contract settlement was reached with company officials in Sault Ste. Marie.

Glen Jenks, manager of the Manistique Division office, said the employes—members of the United Mine Workers union—accepted a 35 cent per hour wage increase retroactive to Oct. 21, plus fringe benefits.

The contract accepted will run for two years.

The strike affected 120 Edison Sault employes in Manistique, Sault Ste. Marie, St. Ignace and Mackinac Island. The Manistique division employs 12 men and Jenks said all were back on jobs this morning.

Parade Plans For Halloween

The spooks and goblins will be out Thursday night in full-force parading down Cedar St. when the Manistique High School marching band, in Halloween garb, leads the Third annual Halloween Parade of area children. Coordinated by the Manistique Community schools, the parade will begin at 6:30 p.m.

Combining forces with the Community Schools to co-sponsor the event is the City Recreation Dept., the Jaycees, and the Manistique Women's Club, according to an announcement by Community School Director Richard Bonifas.

The parade will form at Triangle Park, opposite the Post Office, proceed down Cedar St., up Main and around and into the back gate of the Stadium where judging will take place.

Children will be organized into groups according to age or grade including pre-schoolers, kindergarten, first, second, third, fourth, fifth and sixth grades. Prizes are being offered by the Jaycees with a $2 bill as first prize; $1 for second prize, and a Kennedy half-dollar as third prize. Separate prizes will be given in all groups.

The Manistique Women's Club will organize the various groups into sections and provide the judges. Judging will be done in front of the stands at the stadium. Jaycees will assist in group organization and will serve as escorts.

Manistique High School marching band will be eligible for prizes as three awards will be given for outstanding costumes worn by the band members.

Mrs. Merle Wehner, president of the Manistique Women's Club, and Gerald Graphos of the Jaycees will be Parade Marshals. Bonifas added that any area child may enter the parade, not just the city children. However, only children in Halloween dress and participants in the parade will be allowed on the Stadium field.

Briefly Told

Central, Doyle, Fairview and Hiawatha schools' hot lunch menu for Thursday will include hamburger-noodle-corn casserole, carrot sticks, orange juice and fruit bars.

Retired Teacher's Chapter will meet on Saturday at the home of Mrs. Ludwig Hough, 514 Michigan Ave., at 1:30 p.m.

The Rifle and Pistol Club will meet tonight at 7:30 for their regular monthly dinner-meeting at the clubhouse. There will be pistol shooting after the steak dinner and all members are urged to attend.

A Halloween Dance will be held in the old gym for high school students on Thursday night sponsored by the Girls Athletic Association with GAA advisor Mrs. Helen Mickelson in charge. A junior high party and dance will be held in the old gym on Friday night with Mr. Dissinger and staff in charge.

Project Equality Gains Jobs For Minority Groups

DETROIT (AP)—At least 550 members of minority grooups gained jobs in 1967 through Project Equality, an inter-religious fair employment program, it was reported Tuesday.

Officials of the project said that 340 of the jobs gained were for Negroes and 210 were for persons with Spanish surnames.

"The jobs came at all levels of employment from nonskilled labor through management," Project Equality officials said in a statement.

Project Equality, which was started by a group of church leaders in 1965 in Detroit, requires businesses with whom the churches do business to maintain equal employment opportunities.

The finding that 550 minority-group persons gained jobs came from a study of 468 business firms which reported their employment statistics to the project, said the Rev. Clyde H. Miller Jr., national deputy director, and the Rev. George A. Fleisher, state chairman of Project Equality.

Football Player Tackles Robber

DETROIT (AP) — It took a run much longer than the length of a football field and two tackles, but former Los Angeles Rams football player George Baldwin got his man.

Police said that Baldwin, who played defensive cornerback for the Rams, was walking with a friend past a shop Monday night when he noticed a man rifling a cash register inside.

Baldwin told officers he knocked on the window and the man slipped out a back door.

But the chase was on.

More than a half-mile away, Baldwin caught the runner.

Baldwin, 26, now a law student at the University of Michigan, told police he threw the runner to the ground when the man pulled a screwdriver on him.

Baldwin said the man got up and ran another 10 yards, and the ex-football player tackled him again.

Police, arriving shortly afterward, took into custody a man identified as John Willims, 37, of Detroit.

Saginaw Bishop Gives Resignation

WASHINGTON (AP) — The bishop of Saginaw, Mich., the Most Rev. Stephen S. Woznicki, has resigned for reasons of age and health, it was announcee here Tuesday night.

The office of the apostolic delegate to the United States, said Pope Paul VI has accepted the resignation.

Woznicki, 74, has held his present post since 1950. He has been suffering from heart trouble.

Card of Thanks

Marshall

We wish to express our heartfelt thanks for all the kindness and sympathy shown us by our friends, neighbors and relatives at the time of the death of our dear mother and grandmother, Tina Marshall. We are especially grateful to Pastor Reuben Carlson, Dr. Carl Olson, Mrs. Movalson, Mrs. Creten, the L.C.W. of First Lutheran Church, the Evangelical Covenant Church, the Oja Rest Haven, the Sisters and staff of St. Francis Hospital, to the pallbearers, those who furnished and drove cars, to all who sent cards and flowers, donated food and in any way helped lighten our sorrow at this time. The memory of these acts will always remain with us.

The Family Of
Tina Marshall

Waltenbaugh

We wish to express our sincere thanks and appreciation to all those who expressed their sympathy at the time of the death of our beloved Emma Waltenbaugh. We are especially grateful to Msgr. Matt LaViolette and all who assisted us at this time. Your kindness and concern will never be forgotten.

The Family Of
Mrs. Emma Waltenbaugh

Parents Disclose Son Is On Pueblo

MONROE (AP) —Mr. and Mrs. Ivan L. Bame of nearby Maybee have disclosed that their 22-year-old son, Richard I., is a member of the intelligence ship Pueblo's crew which has been held captive since last January by North Korea.

The son was a fireman aboard the U.S. Naval vessel and the Bames said they had a letter from him in September asking them to keep the plight of the captured crew before the people back home and see that they don't forget the Pueblo.

The parents said the letter bore a New York postmark, but they were convinced the handwriting was that of their son, who reported the food being given prisoners was adequate and medical care good.

Medical Costs Climb

WASHINGTON (AP) — Hospital bills have more than tripled and doctors' fees more than doubled in the past 21 years, according to a government report.

The overall rise in medical prices during the period was 50 per cent greater than the general rise in living costs, the Labor Department said today.

And the report had an answer for why few doctors will make house calls any more.

"With an overload of patients, physicians in some cases have tried to discourage the practice of making house calls by raising the rate for such service to a level that few patients are willing to pay," the report said.

The shortage of doctors and other medical personnel was cited as a major factor in the rise in medical costs, coupled with a rise in demand because of medical insurance that has made better care available to millions.

Drug prices have remained relatively stable, according to the report.

The report said that since 1946 hospital room rates have skyrocketed 354 per cent and doctors' fees climbed 107 per cent. All medical costs averaged out to a rise of 125 per cent.

This compared with a rise of 71 per cent over the same period for all living costs measured by the government, including food, housing, clothing, transportation, recreation and medical care.

"The increasing demand for hospital services has forced hospitals to expand both their facilities and their staffs, pushing costs upward," said the report.

But while wage costs account for some 65 per cent of hospital operating costs, it is due more to a vast expansion in the number of workers than to high wages, the report said.

Advanced medical technology, more expensive equipment, and specialization by doctors—all adding up to better medical care—has also been responsible for some of the rapidly rising costs, the report said.

The report noted that doctors' fees rose 7.8 per cent in 1966, while dentists increased their charges only 4.6 per cent that year.

"One possible reason for the disparity is the fact that few consumers have health insurance covering dental care while over 80 per cent of the population has some kind of coverage for physicians' fees," it said.

FORD RIVER TOWNSHIP ELECTION NOTICE

Notice is hereby given that a General Election will be held at the Township Hall on Tuesday, Nov. 5, 1968 to elect National, State, County Officers and 1 Township Trustee, and 5 Propositions, Justice of the Supreme Court, Judge Of The Court of Appeals, Judge of the District Court, Bay de Noc Community Trustees and also School Millage Request for $4.90 on each $1,000 of the assessed valuation as equalized on all property in the said school district for the year of 1969. Polls of said election will be open at 7 a. m. and will remain open until 8 p. m. of said day of election.

Clarence Nordquist
Township Clerk

Door County's Valuation Rises

STURGEON BAY, Wis. — New construction has brought an increase of $3,345,000 in the equalization value of Door County real estate says Donald Sherman, Fond du Lac, district supervisor of assessments.

Door County's equalized valuation for both real estate and personal property is now $172.5 million as compared to $169.3 million last year. However, the increase is minimal compared to the jump of almost $20 million last year.

Although real estate value increased $3,345,000, value of personal property dropped $121,000.

Sherman predicted a "dramatic increase" in new construction the next three years because labor contracts will end then, and said labor costs will have risen 30 per cent by then.

Sherman noted that while the county's new zoning ordinance may destroy the residential or commercial development of some land that it will also increase the value of the remaining land.

Sue Robert Goulet

LAS VEGAS, Nev. (AP) — Singer Robert Goulet has been sued by a law firm which says it set up a $50,000-a-week contract for the entertainer but never received its legal fees.

The firm of Wiener, Goldwater & Galatz said in a suit filed Tuesday that it arranged the contract with the Frontier Hotel for eight weeks in 1969 and 1970. The firm said Goulet failed to pay the legal fees and it wants $60,400 damages.
